President's Letter

Greetings All,

The December meeting went well and we are winding down for the year 2018. This is the last Presidents Letter from me for now. A special thanks to the last two boards I have had the pleasure to work with and I must say we were quite a team. Our club is in great shape and I look forward President Catherine Jammer's leadership and new ideas as we move into the new year of 2019.

The last month's clinic was well received by our attending club members. Catherine Jammer did a great job going over installation of sound proofing in in her Model A Coupe.

Please help out your club!! We are still are in need of new Women's Clinic Coordinator for the remainder of this year and into next year. **If we don't get a volunteer chances are we will no longer rent a space for the woman's clinic for 2019!**

I would like to thank Doug and Deb Persing for putting on a fantastic Election Banquet at DeGidio's in St Paul on December 8th, 2018. The Banquet was a lot of fun at DeGidio's and it sure gives you that Roaring 20's feel.

Thank you to everyone for making the year of 2018 a memorable and successful year. Our club runs on donations and volunteer spirit so keep up the good work!!!

That's all for now.

Warmest Regards,

Doug Portlance – TCMAFC President 2017-2018

Election Banquet

This Saturday afternoon was a step back in time as we held our banquet at DeGidio's restaurant. This venue and its family ownership harken back to the prohibition days and their involvement in bootlegging and associations with the local and sometimes "big" time mobsters using this restaurant to "conduct business". The theme perfectly fit our passion for the cars and fashions of the Model A era.

Our banquet volunteers worked to put on an afternoon where we moved back into time and got to act and feel like characters during prohibition and mobster days. We each received a gangster or historic name badge as we entered this throwback era restaurant. There were machine guns, feather boas and other clothing items to pose with for pictures and a running video screen show casing the mobster characters and history of that time period. Many members dressed in period clothing. We had a silent auction that raised a considerable sum of money for the club that had generous donations of prizes from many of the members. The drawing for the brake drums that Randy Gross from Mel's Model A so graciously donated which we raised funds starting at the Pancake breakfast were won by Jerry Schilling and the donated rebuilt distributor was won by Randy Stallman.

The afternoon was a fun recap of our year and looking forward to the holiday season. The banquet is also the time in which we elect new board member and recognize the efforts of those members who have given much of their time to direct the club and maintain its high standards.

We all thank Doug Portlance for his tenure as president and the guidance he and his board have worked on during his term. We have had challenges that were met and dealt with. Recognizing this boards work continues to make us a stronger association. We also recognized Jim and Sharron Schleicher and Ron Manger with Lifetime Member awards for their support over many years of club service. The Spark Plug award was given to Thom and Linda Boche and Jim Lake for their generous actions in hosting events and engaging membership.

Photo Contest for 2018

The contest is now officially over for this year, we had 56 photos that were judged and we now have the results. Our esteemed judges this year were Ken and Donna Huber and Sue Leder. The photos were laid out on a large table and each judge got to choose a first, second and third choice. This year none chose the same photos as another judge. Based on the picks we have 3 firsts, 3 seconds and 3 thirds. As Editor, I decided that honorable mentions would be chosen as my picks after the regular judging panel had made their choices.

At the election banquet and at our recent men's clinic where the photos were on display there was a considerable amount of inspection of the winning choices. I can see that there is interest in this contest. The 2019 contest is now running and the deadline for entry will be October 31st. 2019. This is open to all members and the details are simple, you may submit 3 photos per member, husband and wife or family are considered 3 + 3 a total of 6 photos. The photos are whatever you want but need to have some tie in to the Model A hobby which could include club activities, period dress, Model A's out and about in today's world. Photos may contain people, pet's, scenery and ??, as well as any creative touches you want to include. Surprise us with your submissions. I would like this contest to have more entries than last year and hope to make the judges choices difficult because of the quantity and quality that I hope you will submit. Thank you to all of the members who submitted their photos and please encourage fellow members to submit some photos.

With appreciation for your efforts,

Editor

Our judging results are as follows;

Men's Clinic

This night did not start out as advertised, our presenter for the night was going to explain and demonstrate the process of paint less dent removal. Unfortunately, the flu bug paid him a visit on the morning of the clinic and he was unable to make our meeting.

With a few phone calls and knowing just who to call Dave Peterson lined up Catherine Jammer our new president to discuss future fundraising possibilities. Catherine has some very good ideas and one of the possible items seems like a good fit for our membership. The actual process of the fundraising idea will be further investigated and if it all checks out we should soon be able to take part in it. As long as Catherine had the floor she also gave us a presentation on the installation of a sound deadener and insulation products she installed on her on going restoration. The Model A had neither of these when built and many people have been adding this enhancement when the cars are at the stage of no upholstery and interior finishes. You can just do the firewall and the floor at any time however. Catherine is doing a coupe and she took a lot of photos and has also kept the patterns she used. For someone doing a 30-31 coupe this could save you a significant amount of time by using her patterns. She estimated approximately spending \$200.00 for the insulation materials. The tools she used were simple items like a utility knife, scissors, razor blades and rulers.

We also had the results and the winners of the 2018 photo contest announced, the winners present were handed an envelope with a cash prize for their efforts. A display of the winning photos were set up. There was a total of 56 photos entered this year. We had a longer than normal social time as we had a bit of extra time due to our main presenter being unable to come. Club business was discussed relating to the election of new officers and a recap of the banquet and the appropriate appreciation of thanks for our outgoing president along with past and current board members.

Our Model A ladies took a field trip to the 50's grill in nearby Brooklyn Center for a light dinner or dessert and they had a holiday cookie/treat exchange.

Our clinic coordinator is working to reschedule the presenter for the painless dent removal demonstration, the membership seemed interested to see this process. Watch the newsletter to see a scheduled date.

Catherine Jammer cleaned up with her presentation on a new fundraiser and her recent insulation/sound deadener installation.

Clinic Coordinator Dave Peterson brought in a vintage multipurpose automotive test meter and asked if anyone knew how it worked

TCMAFC WISHES TO THANK KIRT AND DIANE LINDBERG FOR THE GENEROUS DONATION WE RECENTLY RECEIVED FROM THEM

Catherine Jammer
TCMAFC President 2019

Happy New Year To You !! May you be blessed with family, friends, and a safe driving season.

Thank you for being a part of the wonderful Twin Cities Model A Ford Club. I officially take office as your President January 1, 2019, and it is my hope to meet and exceed your expectations. Thank you all for your vote of confidence, I appreciate your encouragement and kind words. I am thankful for the outpouring of support and the great counsel I will receive moving forward - with all 12 Different Opinions! A big shout out to this year's board... Thank you for your service. There are new topics up for discussion at the board meetings, so I encourage everyone to attend and be a part of the discussion.

We had an exceptional Election Banquet at DeGidio's Restaurant in St. Paul. If you missed it, I would suggest that you not miss the 2019 Election Banquet. It is a fantastic event with a silent auction, of which everyone is talking about, there was the raffle for the distributor and cast iron brake drums, the photo contest winners were announced and their photos displayed, party gifts, and great conversations. I even think there was an after party? I highly recommend attending, besides, what other Holiday Party do you actually get to attend and be with like-minded folks, have a great time, and SING! Yes, we sang. If you missed it, you better talk to someone that was there, because it was something to behold. I will forever remember it, gives me goosebumps just thinking about it. The Election Banquet Coordinators and helpers were second to no one. They did fabulous. The dinner was divine. Need I say more... YES... Be there this year, there is ample parking, and easy to find. I even found it.

I hope that you enjoyed last year's driving season, and that you are looking forward to the 2019 driving season. Get your calendars ready. Be sure to spend this early part of the year preparing your car, making any necessary repairs, and any wanted updates. This is the time to do it. Get a heater in the garage, get some conversation going, and get to work, oh, and invite your Model A friends. Spring will be here before you know it.

"If everyone is moving forward together, then success takes care of itself." – Henry Ford
Ponder that thought for a moment. Read that quote again, I'll wait. Keep in mind that we must all move forward together, and if we do, we will find success. Yes, sometimes it is messy, but at my house, I call that the "Mess of Success". This is a club, made up of many members, and each of you has a skill, the knowledge, the expertise, communication, numbers, organization, food anyone?, everyone in this club has something to bring. What can you bring, what are you willing to share. It takes many people to coordinate and run the clinics, board meetings, events, tours, library, banquets, items for fundraising or auctions or prizes, and I am so thankful for all of you who have poured your heart and soul into this club, it wouldn't be here today if you hadn't. It is always great to have as many people involved as possible in some way, so if you are asked if you need help, please find something people can do to help you. When you are ready to become more involved in your club, we are here to welcome you and work alongside you. Let's move forward together, and see success.

In lockstep,
Catherine

HOW TO DETERMINE YOUR REAR END RATIO

Here's one way to find out the ring and pinion ratio in your Model A. Park on a flat surface with several feet of clear space in front. Remove all four spark plus. Put a chalk mark on a rear tire at 6 o'clock as shown. Mark the front of the crank pulley at 12 o'clock. With the help of a friend, and the transmission in high gear, push the vehicle forward and watch the mark on the crank pulley. Count the number of times the mark on the pulley reaches 12 o'clock and stop when the tire mark is at 6 o'clock again. Note the position of the mark on the crank pulley. The mark you made will be at approximately the area of your gear ratio as shown.

With 411:1, the crank pulley will have made 4 1/8 revolutions. The crank pulley will have made three complete revolutions, then a little past 3/4 of a turn with a ratio of 3.78:1 (standard).
