# CHILDREN'S DISHES

Sandra Nelson, Murlin Mayeur, Carol McCarty,  
Ronnie & Gloria Broadbent

Children's sets from the Depression era originally sold for under \$2.00, but now are valued around \$60-400. McKee made sets in Delphite, French Ivory, green, and sets with colored trims. Laurel was made plain and with the Scottie motif. Sets usually came with four cups & saucers and a creamer & sugar. Jeannette made Cherry Blossom in Delphite and pink. The original box makes a set much more valuable, depending on its condition. The McCartys found a set in a pristine box at the Show. Gloria's Blue Willow set from childhood broke. When Ronnie's brother Rusty found a set in the original box sitting on a trash bin, he wondered if she would be interested in it.. The pattern has been around since 1810 when made by Spode in England. Sets that came from Japan with metallic oxide in the glaze were called 'Lustre Ware.' A Red Ridinghood metal set where the images were printed on tin were made by the Ohio Art Company in Bryan, Ohio, most likely after WWI. An ad on eBay from 1929 shows a 26-piece set for \$2.00.

## SHOW REPORT

### Attendance: 544

Volunteers for our 2013 show were solicited via e-mail, telephone, and at monthly meetings, beginning in January 2013. On average, requested volunteer time was for two hour increments with a good many members filling several time slots during the four day show schedule. Time was requested in helping setup lobby stations and fill hours for Admission, Glass Identification/Club Information, Parade of Prizes, Greeters, Door Prizes, and photography, baking goodies for vendor baskets and giving money for the baskets at meetings, setting up and dismantling displays, loading and unloading, and putting up show signs at home. Kay Caruso provided the volunteer sign-in sheets, name tags, and St. Patrick's Day beads. All volunteers arrived on time, or a replacement found. Yours truly was so busy making sure others were in place and checking vendors needs, that I missed a short time from my own assignment as Greeter!

I congratulate the volunteers for their enthusiasm, their smiles, their genuine helpfulness to our attendees and attention to sharing information about our glass club, and the use of their knowledge and patience in working the ID table. 39 members volunteered plus four non-members. Cheryl Walters, Tommy Solis, Wayne & Lynn Melcher participated as vendors.  
To all, I give a big "Thank You!" for your willingness in giving so much time, talent, endurance, and muscle... and your desire to work next year! Blessings for a full recovery to those still ailing. It seemed that the volunteer process worked very smoothly this year, especially during lunch coverage. I appreciate any positive criticism as to what could have been handled differently. Please fill out an evaluation sheet. Member volunteers were: Charlotte Baham, Joy Boudreaux, Donna Bouterie, Cynthia Brignac, Gloria & Ronnie Broadbent, Kay Caruso, Pam Coleman, Diane Cook, Ellen Cook, Barbara DeSoto, Cindy Faison, Marty Goldstein, Vicki Hale, Jean Hebert, Diane & Byron Jacob, Betty Kehm, Carole & Buddy Lebell, Christine Lecler, June Leopold, Alice Lowe, Carol & Jim McCarty, Carole Martinez, Murlin Mayeur, Sandy Nelson, Jo Ann Owen, Glenn Plauche, Stephanie Prunty, Louis Read, Jane Stacy, Keely Stockman, Fran Swan, Donna Terrio, Bonnie Theard, Charlotte Upadhyay, and Lee Vinson. Non-members were Frank Caruso, Brian Hebert, Robbie (Byron's son-in-law) and Dan Terrio.

To any angels that arrived and gladly offered their time, but forgot to sign in, and thus not mentioned above, we give a heartfelt "thank you" as well. It's been a pleasure to work with all of you, and I treasure your big hearts and your friendship!

Respectfully submitted,

Donna Bouterie
