Question for October

How many gallons of beer are in a standard US keg of beer?

- a. 10.5 b. 15.5 c. 20.5 d. 25.5

What are our members doing during a normal meeting? This is what I caught on camera.

Lion Eric Burgis read a letter from Jean Johnson from the Cumru Borough Council. It was to inform us that the Lions Den will be torn down to make way for a new fire house. He suggested we now fix up the ambulance so we have place to store items. Eric also reminded

us that we are not supplying new items for our website, It is not being used like it should.

Lion Bruce Schonour reminded us that at the November 17th meeting we will have Sherwood Goldberg as our speaker. I am presently waiting for a biography to print for our members. Bruce believes that veterans and other guest of our membership may be interested in hearing Mr. Goldberg speak. He is trying to get a larger meeting area for that evening. More information will be coming.

Lion Christ Bucolo suggested inviting the Sinking Spring and Shillington Lions clubs to a future meeting since they were the clubs who sponsored our two clubs.
