*Line set guarantee is limited to standard and mini-split line sets with plain ends, 50' or less and with insulation no larger than 3/4" wall, and shipped in the new damage control carton. Guarantee Orders are limited to maximum quantity of any previous Qualifying PO. Orders confirmed prior to 11AM EST are entered and shipped within 3 business days after entry date, orders placed after 11AM EST are entered and shipped 4 business days after entry date. Customer must be on good credit terms for guarantee to be in effect. Standard Terms Apply.

The Linesets, Inc unique Damage Control Carton allows you to:

- Minimize and prevent damage in transit or warehousing. Reinforced package does not allow the coils to shift, bounce or bend like master carton boxes. Keeps insulation from losing form.
- Center handles allows for easier handling and carrying for your employees and contractors unlike the cumbersome master carton boxes.
- Ability to ship UPS or FedEx. A huge benefit with the new increased cost for larger boxes being charged by these carriers.
- Free up additional warehouse space! More product fits in smaller spaces due to the minimized packaging and stacking features we provide!
