

Learning Opportunities

Welcome to our family! I hope you enjoyed the initial launch podcast of Symplifi-Health. Re-defining healthcare and elevating the conversation is the goal. We welcome all aspects of health and well being to our mission. We want to stop chasing disease and help people understand the links between medicine , dentistry, and genetics. Becoming your own healthcare advocate will allow you to live an optimized life. Build your own blue print to guide your success.

Youniversity Health is a public focused learning site to host downloadable information provided in a way that supports the podcast SymplifiHealth. www.youniversityhealth.com

Relevance Total Health is Dr. Jill Wade's educational entity that supports online courses, live events in Frisco Tx, and in-office and virtual customized training sessions. Join today for free case story learning perfect for any dental professional that wants to be progressive. www.relevancehealth.com

SymplifiHealth is a podcast that brings together like-minded professionals in re-defining healthcare. It is based on the belief of understanding the links between medicine, dentistry, and genetics. Dr. Jill Wade and Aurelia Bryne RDH co –host the episodes.

Stonebrair Smile Design is the dental office of Dr. Jill Wade, Dr. Kristi Moody, and Dr. Dennis Abbott. It is a progressive dental office that co-manages patients with the medical community. Cardiovascular medicine and oncology are the unique skills used in their Smile with Heart program. www.stonebriarsmiledesign.com

A Progressive Practice is an application that supports the daily leadership of a progressive dental practice, provides the team with relevant online courses, and easy to use connections with coaches. COMING SOON!

"Believe in yourself till the dream comes true!"
