

# Pinnacle High School

To Pinnacle Softball Supporters,

The Pinnacle High School Softball Program is looking for your support with our Softball Program. As you may be aware, school budgets cannot meet all the needs of the sports programs. Therefore, we are raising funds to upgrade our facilities and purchase equipment and supplies to provide our athletes with the best possible softball experience.

One way you can assist our program is through our corporate sponsorship packages. These include field banners, your corporate logo in our game programs, year-end banquet programs and announcements at our home games.

Each year, through sponsorships like yours, we are able to help the young ladies of our community become well-rounded student athletes. They learn valuable lessons beyond what is taught in the classrooms here on the field of competition. These young ladies learn how to work hard together as a team to set goals, the value of dedication and hard work, and the joy of accomplishing their goals. These are life lessons that will help make our young ladies valuable members of our community now and in the future.

We appreciate your support and assistance with our fundraising efforts for the Pinnacle High School Softball Program. Thanks to your help, we look forward to improving our program with a successful fundraising campaign.

Thank you for your time and consideration.

Sincerely,

**Bobby Pena**
