Jack Holley, Lisa Thrower, Michelle Brown, Nick Anderson**

Meeting opened with Pledge of Allegiance and prayer

Motion made by Mark and seconded by Diane to accept February's business meeting minutes.

Motion made by Matt and seconded by Mark to accept January's treasury report

Motion made by Mark and seconded by Lisa to accept February's treasury report

Per Jack – Please remember that the front door of Station 2 will not fully shut, so if you go up there ensure that all doors are fully closed and locked.

Per Debbie- Easter dinner will be on April 4, 2020 at Station 1 starting around 11AM. Would like to buy hotdogs out of the volunteer account for this event, use the hotdog cooker from Station 2. If you are going to donate candy to help with stuffing the plastic eggs. Motion on the floor to donate candy, all in favor motion passed.

Political Rally- Programs will be donated to the station for the rally. Political candidates have confirmed that they will be setting up tents. Elizabeth Hewey, running for Santa Rosa County School Board District 2, would like an area where we can set up an area for children to color. Political rally signs will be completed this weekend per Matt Kane. A bake raffle will be done during the rally, 5-7 cakes will be raffled off to the community. If any candidates call please give them my number and email address. Stage has been contracted and confirmed. We will use our own tents for our area where drinks are being sold.

Per David – Training (see calendar for scheduled events). Dispatcher week April 12-18, I will find out what the plan is for food and drinks for that week.

Received a text from Chaplin Ben, his family would like to host a dinner for the department. I'm going to find out more information from him.

Training last month was great at station 2, hope everybody learned something.

The corona virus is a hot topic, please wash your hands everyday to keep from getting sick, you just never know.

I have added a Milwaukie light tripod to my vehicle. There is another light generator out of service from Engine 13, that leaves Engine 13 with just one let on the truck.

Meeting adjourned: 1950
