## REAL BIZ COACHING

One on One Coaching WORKS! Accountability is key to achieving your goals in business or in life. LaRick Calhoun's coaching will help you organize your vision, strategize your steps to achieving your goals and provide you with the support needed to complete the necessary steps needed to grow.

## TRAINING

A strong team, is a trained team, like sports, teams have to know the goal, understand the vision, know the necessary steps needed to win, and understand their roles, individually and collectively. This is where team training works best. When your team has clarity and trust, your vision begins to pick up momentum. LaRick's training sessions are highly interactive, thought provoking and inspires your team or staff to work harder to grow your vision.

## 90 Day Challenge

Are you up for a Challenge? If you want to Reinvent your current business, life's focus or simply start fresh on your goals with a new perspective, the 90 Day Challenge helps. LaRick's 7 step process has successfully transformed individuals, groups and organizations. This program can give you exposure for your business or team, while increasing energy and intention to your vision.

## Are You Ready?

What do you say we reinvent  
your life and brand at the  
same time?

Coaching Works! It works if you WORK it! As your coach I will be your #1 vision cheerleader and supporter! As your coach I will have the tough job of having to hold you accountable at times, but it's absolutely worth it! Did you know that people that hire a professional coach are over 80% more likely to achieve their goals? Yes! Because we are left to our own devices and will, we simply don't believe that our vision is truly the one, sometimes we can't choose between multiple great visions, and sometimes we simply just don't know what's missing. My ePro 90 Day Challenge is designed to get you there. 7 simple interactive steps, leads to 12 weeks of breakthroughs and growth spurts, it's your winning season and I'm here to make sure you win!

# REAL BIZ Plan!

## My Plan is my Process....

1. **Relmagine** - This step we will work to create a simple vision that is based on your life experiences, talents and gifts. We create a business concept that is clear and easy for you to follow.
  2. **ReInvent** - A writing exercise that will help you to turn a one to two page document into a business plan strategy. This step will give you a basic road map to follow to launch and grow your vision.
  3. **RePosition** - Here I will challenge you to easy but effective outreach and research exercises, that will allow you to learn more about the path that you are going to pursue, what makes it work, and what you need to create it for yourself.
  4. **ReDefine** - Definition is key, we will work to define the profit centers and marketing strategy needed to grow your business.
  5. **RePackage** - Here we will work with a graphic design team to create or enhance your brand to speak to your new vision.
  6. **ReLaunch** - A launch event on and offline will be utilized to create a buzz and draw customers to your NEW brand and vision!
  7. **BeReLentless** - Weekly accountability calls that will bring your team together to DRIVE sales and learn to work closer together to win!
