Thank you for your interest in piano instruction! There is something uniquely AWESOME about being able to play the piano, and I'm so glad you want your child to discover this too.

The basics regarding how the studio operates:

Together we will select your lesson day and time. Beginners are taught in a group lesson format (30 minutes of keyboard lessons and 15 minutes of music theory). Lessons will begin and end during the time slot which is reserved for you. If you arrive late or miss a lesson, I am unable to make up that time; however, occasionally you will have a school concert or a play-off game which falls during your regularly scheduled lesson time. *With two weeks notice, I am usually able to find a student who will switch his/her lesson time with you.* I put every effort into finding you an alternate lesson time for the occasional conflict, but cannot make any guarantees. (A missed lesson due to illness/emergency is not refunded/made up.)

Tuition is \$112/month (\$140.00 for months with 5 weeks) and is due in full on the first lesson of the month. A late fee of \$25.00 will be added to any payment not received before the second lesson of the month begins.
