

GENERAL RULES AND COMPETITION COMMITTEE:

- A. Each Archery Alberta ASA Tour tournament will consist of two (2) rounds of twenty (20) individual 3-D targets on day one and one (1) round of (20) individual 3-D targets on day two as determined by the Archery Alberta ASA Tour Director. Each round will be a "Shotgun" start.
- B. Severe Weather - AA retains the right to delay or cancel a tournament day in case of severe weather. If a round is suspended, all shooters must leave the range immediately. In the interest of safety all arrows are to be left in the target and are not to be scored or pulled. All scorekeepers shall retain the score cards in their possession and no shooter is to have possession of their own card. The Archery Alberta ASA Tour Director will have two hours to exercise one of the following options based upon the weather and the availability of ranges: (1) resume shooting that day within two hours of that day's suspension and still being able to complete the round that day, (2) complete the round the next day if there are five or fewer targets for every group on the range to be shot, or (3) cancel the round completely. Should a round be cancelled all competitors in that class will receive 200 points for the cancelled round; no refunds will be made; and all results and paybacks will be based on the round of twenty (20) targets completed by the class. No competitions may be decided solely on the results of a partially completed round, unless the Archery Alberta ASA Tour Director is proceeding under Shooting Time Allowed.
- C. Each registered shooter will receive Start Days & Times, and Range & Target Assignment. Each shooter is responsible for having their score cards with them, and shooting at the time, target, and range designated unless instructed otherwise by a tournament or range official. All times are on a first registered / first assigned basis by shooting class.
- D. Unless required by a rule in the "Classes" section herein or approved by the Competition Committee, a shooter may change their shooting class only one time during the tournament season.
