The difference between Aurora Latitude to Columbine

It is interesting how this logo of the Secret Society depicts the same mall layout.

Crescent + opposite side = CLOCK

$$7 + 5 = 12$$

$$4\text{pm} + 5\text{pm} + 4:30\text{pm} =$$

$$\begin{array}{cc} [4 + 5 = 9] & + & [4 + 3 = 7] \\ 9 & + & 7 \end{array}$$

16

THE NUMBERS 4:30 AND 16

It appears that the shopping mall grid/layout is very peculiar to the point that it can configure a clear Islamic *Star and Crescent* pattern of the Moon Goddess Allah. It was designed with specific angels to have the **16 Century** building at **4:30pm**. Incidentally, Islam expanded the most in the 16th Century. Spiritually, **430** could allude to the number of YEARS Israel was to be in 'bondage' in Egypt. Or is this the lifespan of the USA since the Pilgrims? The Colony of Roanoke was established in 1585.

1585 + 430 Years = **2015**

ANUBIS

Anubis has signaled the arrival of the 'Spirits of Egypt' to America, the New Egypt as the USA geographically mirrors Egypt with the Mississippi and with pyramids like in Memphis Tennessee. This Egyptian 'god' has the head of a 'dog'. It is associated with aiding those journeying the afterlife in the UNDERWORLD or perhaps in the 'underground' facilities that are purported to be situated under the NWO airport. It is primarily a spirit of bondage to come to the nation as it was with the Israelites that were in Egypt. They became slaves as a nation for **430** years. The same number that the *16 Century Cinema* Massacre occurred based on a number study above of the 'Clock' position at 4:30pm.

BLUCIFER

The Denver Airport has a peculiar statue of a large Blue Horse that is supposed to commemorate the Spanish Mustangs in the area and to 'ward off evil spirits' at the airport. It stands 32 feet tall, coincidentally a favorite of the Masons and Luciferians occultists. It was finished and installed on 2008. It is nick-named 'Satan's Seed' an '*Blucifer*'. Its creator was actually killed by it as a piece fell on him and was killed before finishing the work. To the occult, it actually represents Monoceros as *Horus*, the horse/unicorn of Osiris-Orion that makes up the 'Unholy Trinity' of Lucifer, that of **Osiris-Horus-Isis**.

THE UN-HOLY TRINITY OF LUCIFER

In the occult, the constellation's original meanings—which still stand to this day despite numerous transitions through many civilizations that have twisted the meaning to ascribe their application to Lucifer, the *Fallen One*. Such knowledge has degenerated to *astrology* but a true study on the Mazzaroth will ascribe the Redemptive Plan of the LORD to Jesus Christ.

THE JOURNEY FROM THE UNDERWORLD

In a guise to promote the King Tut exhibitions in Denver in 2011 and across the world, the Statue of Anubis has gone out before to attract attention of the GOLDEN AGE of the Pharaoh's Rule, the Coming 'Christ'. Or has it been to proclaim the RETURN of the Pharaoh to rule; AKA AntiChrist and his New World Order. To the Luciferian Globalist, Anubis is associated with the Dog Star Sirius at is revered by the secret societies as being ISIS at makes up the un-holy TRINITY of Lucifer.
