Parties are never guaranteed to be “private” parties. There are usually private lessons or possibly other parties going on. Our facility is large enough for this.

Children under the age of 2 ½ are not allowed to participate in a party. Any party that includes 2 or 3 year olds may only have 10 participants in the party no matter the age of the birthday child. We want your party to be safe.

The host should call the Office the week of the party to confirm the party time and give the approximate number of children attending. We need the approximate number of children for staffing purposes.

The day of the party no child may enter the gym area until the instructor calls them in. Once in the gym all children must stay with the party group. They may not go around the gym without a Courthouse Gymnastics staff member. Siblings of party participants may not enter the gym unless they join the party group.

The host is welcome to go around with the party group and take pictures or video. Visiting parents are not allowed in the gym. They must wait upstairs.

Children are not allowed back in the gym once the gymnastics portion of the party is over.
