

HEADQUARTERS & EXPANSION PLANS

Con Mi MADRE's mission is to ensure that ALL Latinas have the opportunity to pursue higher education and take their seat as our future leaders and educated workforce. To achieve this goal, we have set out on a path to expand our education and support services across the state of Texas, and one day across the Nation.

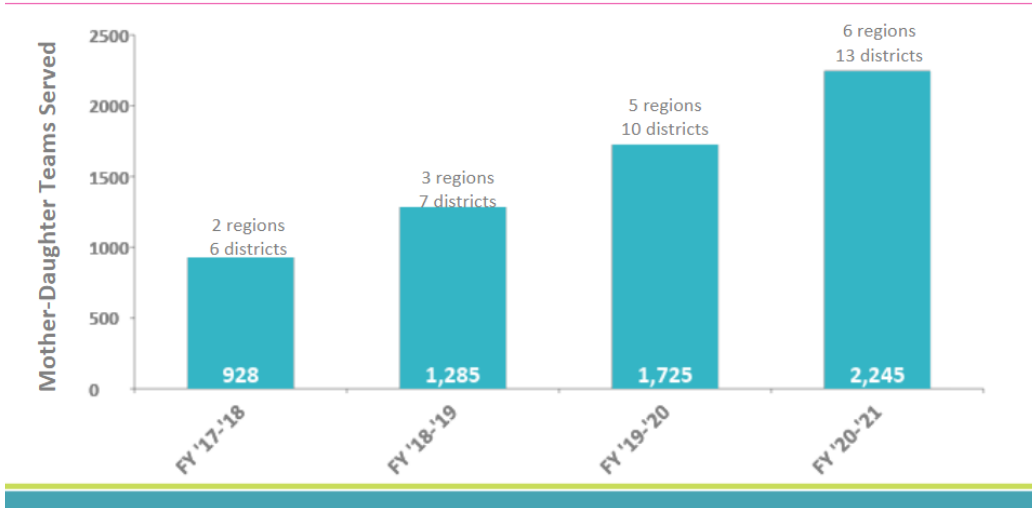

We started this journey in 2016, when we expanded to Hays County with the support of Philanthropitch and the Texas Pioneer Foundation.

In **2017-18**, we took Con Mi MADRE outside of Central Texas and launched our first chapter site in **El Paso, TX**.

In **2018-19**, we are launching our **Fort Worth/Dallas** chapter and our **Headquarters Office** to support our expansion efforts and ensure fidelity and impact of programming in each chapter.

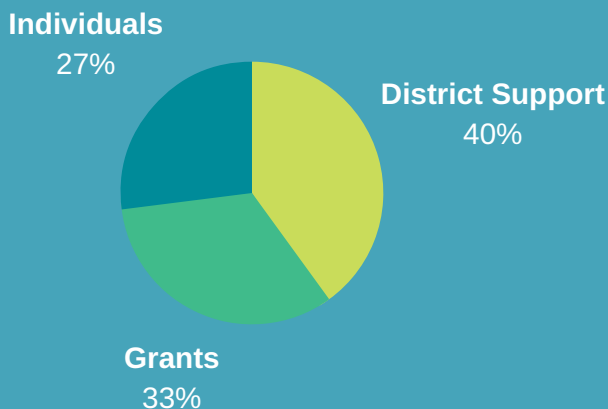

With the support of our Board and community, we are confident in meeting our goals for the next 3 years that will provide Con Mi MADRE services to at least **2,245** young Latinas and their mothers across Texas!
