Betesda Orphanage-

The Orphanage

Per Mark 16:15 command, RMO joined with MMI Evangelistic Association in April-May to go to Nicaragua. We ministered at the Casa Betesda Orphanage and the local community in the impoverished area.

Old look changed inside...

The Lord has blessed Betesda with land from an old abandoned bus station that was turned into the orphanage. Much hard labor and searching for scraps has turned it into an attractive facility.

Pastor's Praying

There was much prayer going up. We conducted nightly crusades and prayed with those in clinic. There were over 130 making new decisions to spend eternity with Jesus. It is exciting to know John 14:6 is being shared with so many.

New Commitment

When I was able to share on the true meaning of Romans 10:9-10, many took time to understand it is more than just saying Jesus come into the heart AND they have to know and mean what they say.

The orphans were very helpful and happy. We saw these 8 year old and less than 2 year old sisters. The parents did not want them.

Sisters

Arturio and his son

There are many stories. Arturio started Betesda to help. Another young pair 3 and 5 from one family were sold as organ donors. This evil plot was discovered. Now they live at Betesda and the parents do not want them.

13 year old

This 13 year old from Hatit was found 2 years ago cramped into a hole in the corner on a ship being used by the men as their "toy" and being taken as a child sacrifice when it was intercepted. He could not even walk when they found him.

Clinics were fun. Many cannot receive quality care.

Laceration

Kids are very active. One cut his face open. We prayed and then numbed him many times. We sutured him as my ears were ringing. He had powerful lungs-yes I numbed him more than once but he did not understand that meant no need to scream-no tears seen. All were happy in the end.
