

The Members' Choice Candidates for Local C District Council are the leaders who stepped up and vocally opposed that destructive, divisive contract.

Members' Choice candidates got involved to ensure Local C leaders represent our members rather than simply following orders from IP Buffenbarger and Aerospace Coordinator Mark Johnson - both of whom pushed that concessionary contract extension.

Michael C. Hill Jr.

We Need Leadership That Is Present

Three opposition candidates running for Business Rep are currently Local C District Council Delegates - yet they have failed to represent Local C at the Council. That is not the kind of leadership we need. **You Should Know....**

Keith Elliott has missed 22 of 24 or 92% of the District Council meetings in the past year. He's missing in action on Council just like he was during that destructive contract vote.

Chuck Fromong has missed 9 out of 18 District Council meetings in 2016 and refused to vote at most meetings he did attend. Would he give more than 50% if elevated to a higher level?

Joseph J. Smith missed 6 out of 18 District Council meetings in 2016. Do we want someone missing 1/3 of the time?
