

Join Us in Celebrating 50 Years of Saving Lives during the New Jersey Police Traffic Officers' Association's Anniversary Event.

We are thrilled to extend our heartfelt invitation to you for a momentous occasion - the 50th Anniversary Celebration of NJPTOA whose members are dedicated to enhancing traffic safety and saving lives on our roadways across the State of New Jersey.

Fifty years ago, a small group of New Jersey Police Officers had an ingenious idea of regularly bringing Traffic Safety Officers together to share ideas and promote highway safety.

For half a century, the New Jersey Police Traffic Officers' Association has been at the forefront of advocating for safer roads, educating communities, enforcing traffic laws, helping create legislation, and implementing innovative solutions to prevent accidents and protect lives. It's a milestone worth celebrating, and we would be honored to have you join us for this special event.

The first official meeting took place on June 5, 1974, with a handful of Police Officers electing the Association's first President and Executive Board. Since then, the association has grown from that handful of Officers to 928 members representing 305 local, county, state, and federal agencies and organizations, plus 28 active retired members.
