WHAT LIES AHEAD FOR 2018:

Having completed our ambitious Interpretive Signs Campaign by raising \$5,514 for five signs, we are now looking for our next project. When we decide what that is, we will let everyone know!

We are also making plans for some exciting activities for our members and for the public – keep your eye on our Facebook page for updates!

We get by with a little help from our Friends....

We fundraise through raffles, memberships, donations, sponsorships, and proceeds from our Craft Marketplace and other events at the site.

None of our work can be done without your help! Not only are your membership dollars important, but *we also need helping hands and creative minds to help expand our activities and fundraising efforts.*

Please consider joining the Friends by using the enclosed membership form, and becoming active in any aspect of our activities that interests you.

The Friends of Pennypacker Mills is a 501(c)(3) tax-exempt non-profit corporation established to support the educational programs and preservation of the Pennypacker Mills Historic Site.

Incorporated in January 2010, the Friends of Pennypacker Mills ("Friends") have accomplished a great deal so far.

ACCOMPLISHMENTS

2010:

The Friends funded a fence around the Children's Heritage Garden and paid for a water pump to be installed near the barn, which houses the 1900s History Center.

2012:

The Friends contributed funds for the acquisition of items belonging to Galusha Pennypacker, second cousin of Samuel Pennypacker and one of the youngest people to hold the rank of brigadier general in the U.S. Army, to this day.

2013:

For the restoration of the servants' quarters, we supported paint analysis to determine the original finish on the kitchen cabinets.

2015:

The Friends funded the redesign and reinstallation of the flower beds at the entrance to the mansion path using plants that were available in the early 1900s.

2016-2017:

We completed our Interpretive Signs Campaign, with the installation of five signs on the site. One is located where the mill, from which the property derives its name, formerly stood.

A larger, two-sided sign has been placed near the monument adjacent to the entrance to the property.

It includes a 1900 map of the site and discusses Pennypacker Mills' role in the Revolutionary War.

Two identical signs have been placed at entrances to the mowed path through the meadow. They discuss the historically important landscaping at the site, which was designed by Thomas Meehan & Sons.
