

Summer Institute

Highland College, Freeport IL

June 5-7 and 10-14: 2019

8:30am-3:30pm

Choose your days!

Wednesday, June 5

Building Relationships with Students & Staff

Monica Genta

The social and emotional development of our students and the relationship building process for both students and staff is imperative. Come explore strategies that will help build trust and rapport to create the best possible learning environment.

Thursday, June 6

Teachers Talking Tech

Ben Sondegroth and Area Teachers

Come spend the day learning about the ways to reach and teach students using technology. You'll create your own professional development learning plan by attending the sessions that best meet your needs. Area teachers will share their successes and best tricks to enhance the learning process. Be sure to bring your device.

Friday, June 7

Climate and Culture in the 21st Century Learning Environment (12-6pm)

Field Trip to Epic Campus in Verona, Wisconsin

Explore the creative working spaces on this beautiful campus and the impact on learning. You'll be in small groups with plenty of chances to network and discuss the impact of choice, variety, freedom, and self-directed learning and make connections to your classroom.

Monday, June 10

Lead Up!

Tim Reilly, Cheryl Robinson, Deb Endress

This is basic leadership training and communication skills that valuable and so needed for today.

- Collaborative Teaming Practices
- Establishing Norms
- Building Trusting Relationships
- Maximizing Team Dynamics
- Call to Leadership
- Discovering Your Leadership Strengths

Tuesday, June 11

You Have to Maslow Before You Can Bloom

Tim Reilly, Cheryl Robinson, Deb Endress,

Get back to basics as the focus is on the most essential needs of students. Experience a poverty simulation, trauma-informed practices, and ways we can support our most challenging students. This is foundational information for every adult that interacts with students. ALL school support staff are welcome and encouraged to attend.

Wednesday, June 12

From 80% Teacher Talk to 80% Student Talk Student-Led Learning Environments in 10 Steps

Steve Oertle

When teachers design student-driven classrooms and help students understand and apply the qualities of good learners, students begin to take responsibility for their learning, increasing their drive, motivation, and achievement. This interactive workshop will use John Hattie's research on effective influences on achievement as the anchor for providing an overview for the 10 steps necessary in creating a student-led learning environment.

Thursday, June 13

Something for Everyone: Choose Your PD Pick either A, B or C when you register!

Session A: Teaching the Holocaust

Nicole Frampton, United States Holocaust Memorial Museum Teacher Fellow, will introduce participants to the museum's pedagogical approach to teaching about the Holocaust, and well as museum resources. Rationales, strategies and approaches for teaching about the Holocaust and other genocides will be shared.

Session B: All about the SAT

Chris Heintz from the College Board will share key updates and discuss best practices for assisting students on their path to college readiness. Learn about the SAT Suite of Assessments, the available resources and how to analyze the reports for instructional planning purposes to best meet the needs of students.

Session C: 20 Ways to Engage

You'll walk away with ideas to keep your students engaged in the content through activities and games in this interactive session. Deb Endress and area teachers will share tried and true strategies for all ages that empower students to make connections and deepen their understanding of content.

Friday, June 14

Field Trip to Holocaust Museum, Skokie, IL

We'll head to Skokie to the Illinois Holocaust Museum and Education Center in Skokie, IL for a field trip to learn more about this time in history and the resources available as we develop lessons for our students.
