

**Dear Educator/Leader:**

Thank you for answering the call--to be a Teacher!

Successful Teachers should be among the highest paid professionals in the world! For most people, their favorite Educator motivated them and made learning relevant as well as profitable. Therefore, administrators must champion Inspirational Scholarly Schools (ISS) by thoroughly equipping their Teaching Corps. How? By implementing a new, innovative STEM Program. A program designed to increase staff morale and skills--while helping districts to build better leaders and teams. Specifically, our STEM curriculum posits that all effective Teachers are:

- Scholarly;  Team-oriented;  Encouraged / Encouraging;  Motivated / Motivating

**CAREER CONNECTIONS THROUGH STEM (SUCCESSFUL TEACHERS EDUICATING MILLIONS)**

**CURRENT STATE: IS YOUR ORGANIZATION STEM COMPLIANT?**

\_\_\_\_\_ School has **STEM-Centric** Educators.

**Scholarly:**

- having or showing much knowledge, accuracy, and critical ability
- devoted to learning; studious

**Team-Oriented:**

- skillfully builds collaborative coalitions--to assist in teaching and learning. Specifically, combining the actions of a group of people, and making their efforts more effective and efficient.

**Encouraging / Encouraged:**

- to inspire with courage, spirit, or confidence: to stimulate by assistance, approval,

**Motivated / Motivational:**

- giving motivation; --designed to provide insight and guidance toward achieving self-fulfillment as in one's career or personal life:

**CHOOSING EDUCATION OVER ENTERTAINMENT:**

Based on your observations, what do most Americans value? Education or Entertainment?

Hint: Lebron James \$30,000,000 per year—Starting Teachers approximately \$40,000

- (How can we change this paradigm?)

**ACTION STEPS:**
