

IN-OFFICE

DISPENSING

The in-office dispensary is now open! We are able to fill several common medications, using your insurance (including BCBS), while you are in our office. We hope to expand our selection of medications over the next several months to better serve you. Ask us about it next time you are here.

NEW

TELEMEDICINE

We are starting telemedicine! Initially, we will only be using it for nurse visits for our weight check appointments and weight loss refills. This program will do away with the 80-mile radius exemption rule. This begins Friday April 13th and will cost **\$45 per nurse visit**. Provider visits available SOON!

SUPPLEMENTS

FULLSCRIPT

We hope most of you have had a chance to visit our new online supplement store. You can find many quality physician level products there. Check it out at:

PRIOR AUTHORIZATION POLICY

YOUR MEDS ARE IMPORTANT

We make decisions regarding your medications that we feel are best for you personally. Unfortunately, many of these medications require an insurance prior authorization. The prior authorization process has become a huge burden on our staff and is impacting the level of quality we strive to provide. We will be instituting a charge for this service starting May 1, 2018. There will be a charge of **\$10 per year per medication** we complete for you. Our staff should contact you to collect payment prior to our working on your prior authorization. We are sorry for this charge, but feel it is necessary to be able to continue to provide top level service.

We will still not be doing prior authorizations for weight loss medications or hormones.

"NO SHOW" POLICY

DON'T MISS US

Starting April 15, 2018, we will begin enforcing our "No Show" policy. There will be a charge of **\$40** for any appointments missed or not cancelled prior to 24 hours before the scheduled time. Our goal is to improve scheduling time for those patients on the wait list.

DR SCOTT WAUGH

"Alpha-2-macroglobulin & Joint Arthritis"
Tuesday April 24th at 12 PM at IMS
Space is limited. Call to reserve your spot!
