

CKTSA Regional Chapter Advisors,

Thank you for your patience as we worked out the details for the 2017 Central Kentucky Technology Student Association (CKTSA) Regional Event hosted by Eastern Kentucky University.

The event will occur on February 24th, 2017 from 9am-3pm and as in year's past it will be housed in the Whalin Building on ECU's Richmond's campus.

Please see instructions here: <http://www.kentuckytsa.org/regional.html> which details which competitions will be hosted during the regional event, which competitions have early entries, and student participation limits for certain events. **Please note several competitions have early entries or pre-built entries or only a portion of the competition.** This is due to the limited amount of time we have on this day. During this event the judges will use the TSA rubric associated with each event, however students do not need to complete LEAP at the high school level. Although we cannot offer every TSA event during this one day event we encourage you to have students compete in at least one event as it is great practice for state and national TSA.

Very soon you will receive the schedule of events and how to register your students for the 2017 CKTSA Regional event.

Please let me know if you have any questions and we look forward to hosting this event in partnership with ECU!

Go Colonels!

Mark Harrell
