To Whom It May Concern:

This letter is to certify that the County of Pike has no planning and zoning laws or ordinances except for floodplain areas. Any construction in a floodplain area must obtain a permit from the local Emergency Management Director. We have health department ordinances that deal with sewage disposal which comply with Missouri requirements and these are available at your request from the Pike County Health Department, 573-324-2111.

Please check with local municipality if construction is taking place inside a city limit.

A handwritten signature in black ink that reads "Chris Gamm".
