

PRODUCT DATA SHEET

FOOD GRADE GREASE SPRAY LUBRICANT

DESCRIPTION

NSF Certified for use as a lubricant where incidental food contact may occur. A high viscosity, high temperature grease specially formulated for the food packaging and pharmaceutical industries. Our *Food Grade Grease Spray* Lubricant will protect equipment against rust, oxidation, and wear. Resists throw off, shear breakdown, and water and detergent wash out. *Food Grade Grease Spray* Lubricant has many uses including, bakeries, breweries, dairies, meat and poultry plants, and other food plants. Very popular as a lubricant spray when contaminating water supply is a concern.

Food Grade Grease Spray Lubricant is a High Purity Grease for the Food and Pharmaceutical Industries with excellent adhesion to resists throw-off. It is resistant to water, salt spray, and detergent. Resistant to Extreme Temperature and High Pressure containing No Silicones or Solvents and will help Prevent Rust!
