

CONCRETECH

VersaGuard Metal Protective Concrete Remover

PRODUCT DESCRIPTION

Concretech VersaGuard removes encrusted concrete, cement and cement dust from concrete tools, forms, molds, masonry equipment, concrete trucks, slides and chutes. VersaGuard acts quickly to dissolve concrete and cement while protecting exposed metal parts.

USES

- Won't attack metal parts
- Removes encrusted concrete and cement quickly
- Removes lime and mineral deposits quickly

PACKAGING

20 Litre (5 gallon) and 3.78 Litre (1 gallon) units

LIMITATIONS

VersaGuard will not attack metal surfaces but may cause some discoloration when in contact with metal. Avoid galvanized or chrome surfaces.

INSTALLATION INSTRUCTIONS

VersaGuard can be sprayed from an all plastic pump up sprayer, rolled, brushed or flooded.

To Remove Concrete: Use as is. Spray liberally onto areas, allow VersaGuard to work for several minutes and rinse surface with plenty of water.

Although VersaGuard won't attack metal surfaces, they should be thoroughly rinsed.

For excessive encrusted concrete, spray VersaGuard liberally to the affected area and agitate the surface with a brush or broom to ensure VersaGuard comes in contact with all the cement/concrete. Allow VersaGuard 5-10 minutes to attack and rinse with water.

PROPERTIES

Color	Translucent red liquid
Density	10.1 lb/gal, 1.21 g/cc
Freezing Point	-30 F/-34 C
Shelf Life	Approximately 1 year when stored properly
Viscosity (70 F/21 C)	16 cps
