

VETERANS OF FOREIGN WARS AUXILIARY
Department of Wisconsin

HISTORIAN/MEDIA RELATIONS
May/June 2020

Thank you to all who helped this year with pictures and reports of your Auxiliary's activities. Knowing that all our hard work helps a Veteran has got to put smiles on a lot of faces.

As this year comes to an end, think over all that you have done. Think about improving on old idea's, adding to the programs you do by spicing it up, making it bigger, stronger, or more friendly. Have you read the VFW NEWS and seen all the different and unique things other Auxiliaries do? You can do that too. You can do better and then report it.

Reach out to the Veterans in your community for new or better ideas to make our organization more visible to the public, including the youth. Our younger Veterans are our future. We need to find a way to pique their interest in the VFW. Their computer skills are vital to our future. There is always the tried and true way, JUST ASK.

Now, this year is not quit done yet. The Department Convention is coming up. This is where we get to see all our friends in the VFW and VFW Auxiliary. Have some fun and get ready for another year. Good luck to all the new Officers, District Presidents and Chairmen. May your year be as rewarding as the past year has been.
