***GO ANYWHERE***

***2020***

***MORE FEATURES COME STANDARD.***

# **XPLORER**

Why buy an ARGO ATV versus all the other brands? Simple – you get more for your money. Besides class-leading horsepower, incredible torque and electric power steering, the 2020 Xplorer Series is well-equipped with standard features not found on other ATVs. High-quality functional features include improved suspension, Innova tires, steel racks, a multifunction digital gauge, front differential lock and an anti-vibration 2" receiver hitch. ARGO ATVs are available in 1-up riding with the XR series and 2-up riding with the XRT series.

**XPLORER KEY FEATURES**

- 503cc Single or 1000cc Twin Cylinder Engine
- Double A-Arm Front and Rear Suspension
- Steel Front and Rear Racks
- Premium Gauge
- Dual Hi/Low Projector Beam Headlights

LE Models Add:

- Electronic Power Steering
- 26" Tires on Aluminum Rims
- Brushguard with 3000 lb Winch
- Eyebrow Lights

Improved Suspension

Eyebrow Lights on LE Models

Steel Front and Rear Racks

***RIDE WHERE WIFI CAN'T FIND YOU.***

A night under the bright stars beats any five-star indoor accommodation. Free yourself from a landslide of emails and the hustle of everyday life. At ARGO, we encourage you to enjoy the true freedom of the outdoors. Temporarily disappear with friends and family to connect through laughter, endless trails and s'mores by the fire underneath the Big Dipper. This is an invitation to ride an ARGO ATV and experience something you'll never forget. Look! A shooting star!

*Some vehicle applications shown are for demonstration purposes, originating from third parties and not available from ARGO. In all cases vehicle load limits have been considered. Always remain seated while in the ARGO. ATVs and XTVs can be hazardous to operate. Improper use can cause severe injury or death. Riders must wear an approved helmet, eye protection, protective clothing and when operating in water always wear a personal flotation device. Use handholds and stay completely inside the vehicle. Each rider must read and understand the operator's manual before riding. Follow all instructions and warnings. Avoid abrupt maneuvers, paved surfaces, hard acceleration when turning, and side hilling; slow down before entering a turn. Never engage in stunt driving. Avoid excessive speeds and be particularly careful on difficult terrain. Never carry a passenger on a single-rider ATV. ATVs are recommended only for users over 16 years old. Never operate on public roads. ATVs and XTVs are designated for off-highway vehicle access only — collisions with cars and trucks can occur. Never drive or ride under the influence of alcohol or drugs. Do not shoot from or lean firearms or bows against the ATV or XTV. ARGO recommends that all riders take an ATV training course. When equipped with tracks, Conquest Series models are not fully amphibious, however water crossing is possible with a fording depth of 26" (660 mm). For safety or training information in the U.S., call the ATV Safety Institute at (800) 887-2887. In Canada, please contact the Canada Safety Council at (613) 739-1535 or see your dealer. Along with concerned conservationists everywhere, ARGO urges you to respect public and private lands. Ride only on designated areas or trails. Preserve your future riding opportunities by showing respect for the environment, local laws and the rights of others when riding. All materials and specifications are subject to change without notice. All specifications, claims and information contained within are based on current knowledge and readily available as printed material as of July 31, 2019.*
