## What is a Scrapbook?

For those of you who are new to scrapbooking, or have thought about getting started and haven't done anything yet, do you wonder... what is scrapbooking? Learn a little more about it with this article from [Scrapbook.com](#).

## Meet One of Our Vendors

[Sonia Abrew](#)

I moved from PR to Orlando, Florida in 1989. I am a science, reading, and English teacher in Orlando, Florida. I love taking pictures of my daughters and granddaughter, nature, and life! I received my first camera as a high school graduation gift from my parents and have never been without one since then. As my oldest daughter Jessica once said, "mom, you have our life documented in pictures". I am a proud Close To My Heart Consultant! CTMH offers the best quality in all its paper packs, embellishments and supplies. Now, I can really explore and achieve my photography creativity and will be able to keep our family memories for generations to come! Let me help you keeping yours! I love CTMH!

## Featured Make & Take

## Oh Deer!

This class will show you how to create multiple layouts with just a handful of materials that will be included in the Workshops Your Way™ used in the class. With the help of easy-to-follow instructions, trimming tools, and adhesive, you can use this kit to create three-two page coordinating scrapbook layouts. We'll also show you how you can arrange your photos and remaining paper in an innovative Pocket Plus™ Memory Protector™ to perfectly complement one of the layouts, helping you tell the whole story in a single spread. You will need to bring your favorite adhesive and paper trimmer. You will be able to use up your remaining paper by completing an optional card making project on your own. "Oh Deer", your creativity is the limit! Payment to participate in this class must be received no later than November 10th to ensure all supplies will be on hand.
