

## Sunny for SUMBA

SUMBA's annual repainting projects  
keep the waterway looking smart.

Many hands make  
light work for  
SUMBA.

The sun shone on the Shropshire Union Middlewich Branch Adopters at the beginning of April when 19 volunteers met to carry out work ahead of the 2017 cruising

season.

One group undertook the annual painting of Cholmondeston Lock, together with its adjacent mooring posts, picnic tables, barbecues,

totem posts and fences. Meanwhile the other half of the team repainted benches, fences and totem posts between Barbridge Junction and Rutters Bridge 2.
