FIRST ORDER OF BUSINESS

Call to Order and Roll Call

The Colonial Country Club Community Development District meeting was called to order and the Chairman called the roll. All were present for today's meeting. Also present was the District Manager Cal Teague and the Field Manager Chris Pepin.

SECOND ORDER OF BUSINESS

Drive Around

The Special Meeting was set for a drive around tour of CDD property led by the Field Manager. The tour began by looking at the intersection of Independence Way and Oakhurst Way to show the Board the location where the aerator compressor system for Lakes 11, 12 and 14 will be installed. After observing the area, the Board agreed this was the best location for the aerator compressor system.

The tour then led to Lakes 11 and 12 where it was observed that Lake and Wetlands had treated the Lily Pads and Spatterdock.

Then the Board headed to Lake 14 where they observed a few washouts. Given the washouts are on golf course side of Lake 14 and the Golf Course Superintendent Patrick Tohill happened to be nearby, the Board informed Mr. Tohill of the washouts.

After reviewing the width of the Spike Rush on Lake 14, the Board agreed that the Spike Rush needs to be significantly reduced.

Then the Board headed to the preserve area near Lake 15 and observed the rusted sign posts. Vice Chairman Zajac suggested the use of PVC pipe as sign posts, to prevent rusting in the future.

The Board also observed a dead Palm Tree leaning out of the preserve and requested that it be removed by the Field Manger.

THIRD ORDER OF BUSINESS

Adjournment

There being no further Orders of Business, the meeting was adjourned.
