 <p>daylight www.daylightcompany.com</p>	<p>For over 25 years Daylight Company has been making magnifying lamps for professionals. Our reputation for innovation has resulted in a wide 'state of the art' range. Our lamps are characterized by superior quality and lenses as well as high light output and robustness. They are all easily adjustable and the light can be positioned exactly where it is needed. All have 6500K color balanced, high contrast light enabling you to work in comfort for longer.</p>	<p>Texas~Mexico Border</p>
 <p>www.jensenglobal.com</p>	<p>Jensenglobal dispensing equipment, tips and syringes allow for precise and ergonomic application of a wide range of fluids. These include: adhesives, glues, epoxies, solder pastes, solder masks, RTVs, silicones, sealants, solvents, oil lubricants, greases, inks, paints, additives, chemicals, and more. We offer many different styles and types of dispensing tips, syringes, equipment, squeeze bottles and other accessories for a wide variety of applications. We also manufacture custom dispensing tips for any unique application you may have. If you would like a free sample of a product please contact us.</p>	<p>Texas & Mexico (Except State of Chihuahua)</p>
 <p>JOKARI original USA www.jokari.de</p>	<p>Jokari is market leader in the stripping and dismantling technology for all types of wires, cables, and conductors. We produce professional tools for mostly all application areas in which wires must be processed easily, quickly, and safely. Our cable knives, cable and wire strippers are, with a few exceptions, TÜV- and GS-certified - we aim at a safe handling of all our products. As a renowned specialist with more than 45 years of experience we continually develop innovative solutions for all demands and broaden our product range to adapt it to the changing market conditions.</p>	<p>Texas~Mexico Border</p>
 <p>LUXO MICROSCOPES by UNITRON www.unitronusa.com</p>	<p>All LUXO Microscopes by UNITRON® models feature high-quality achromatic lenses with anti-reflective coatings for superior visual clarity. Optional eyepieces and accessory objective lenses can be added to provide a wider range of magnification powers. A choice of light sources and mounting options enable the product set-up best-suited for each individual application. Digital imaging systems are configurable to allow capturing of images to catalog or share inspection results and observations, for archiving or communicating electronically. The end result is increased productivity with an easy-to-use product line.</p>	<p>Texas~Mexico Border</p>
 <p>MENDA EasyBraid Divisions of Desco Industries Inc. www.menda.descoindustries.com www.easybraid.descoindustries.com</p>	<p>The MENDA product offering includes specialty tools, such as Circuitracers®, Probes, Spudgers, ESD Vacuums, Workstation Organizers, ESD Brushes, Fume Extractors, Specialty Vinyl Sealed Products, Identification Badge Holders and more! EasyBraid's desoldering braid is manufactured using environmentally safe chemicals and processed in our Minnesota facility. It is made of clean, oxide-free copper and contains increased surface area (more copper) per square inch. We also offer a wide range of products that include stencil rolls, solder soakers, swabs, soldering products and fume extraction.</p>	<p>Texas & Mexico (State of Chihuahua only)</p>
 <p>purex INCORPORATED www.purexinc.com</p>	<p>The Need for Fume Extraction: Many industrial processes can generate harmful dust and fume. Any operation where a material is cut, marked, heated, burned or physically altered in any way has the potential to produce harmful materials. Many types of dust and fume created by these applications are hazardous to health if inhaled. They can also cause damage and problems to the process they are being used on. A Purex high performance fume extraction system will help to Protect employee health. Reduce complaints by operators due to odours, dust and vapors, avoid possible cost of health compensation claims, reduce product contamination, provide a better working environment.</p>	<p>Texas~Mexico Border</p>
 <p>SIPEL www.sipel.ch</p>	<p>SIPEL Electronic SA is a privately held company founded in 1989 in Geneva, Switzerland. We develop, manufacture high technology precision hand tools for the electronics, watch making and medical industries. Our product range include tweezers, pliers, cutters and vacuum pickup tools, as well as custom made tools. We aim at exceeding customer expectations by optimizing response time when managing, producing and shipping orders.</p>	<p>Texas~Mexico Border</p>
 <p>Swanstrom Tools USA www.swanstromtools.com</p>	<p>Swanstrom Tools manufactures technically advanced electronic cutters and pliers, forged from high chromium, high carbon alloy steel - hardenable to 65 HRC. This very wear-resistant steel and our unique proprietary heat treating process with computer controlled induction edge hardening maximize tool life. Precision finishing to your requirements makes Swanstrom tools truly superior. Try our tool reconditioning service. Ask about our RECON EVAL Coupon.</p>	<p>Texas~Mexico Border</p>
