Mr. Murugan Pandian

Clay, NY

Dear Mr. Pandian,

Thank you for contacting me regarding male circumcision. I appreciate hearing from you and knowing your position.

As you may know, in January 2014 a bill concerning male circumcision was introduced in the New York state legislature. The bill, New York State Prohibition of Genital Mutilation Act, would amend state laws to prohibit genital mutilation of minors and non-consenting adults. The bill would also require the Office of Children and Family Services to implement genital mutilation education, preventative, and outreach activities.

This bill is current pending in the New York State Assembly. I encourage you to contact your state representatives with any concerns you may have on this matter.

Again, thank you for contacting me. I am honored to serve as your representative in Congress. In addition, I encourage you to visit my website at www.maffei.house.gov to sign-up for my e-newsletter updates and for more information. Please do not hesitate to contact me in the future on this or any other issue. My door is always open and your feedback is important to me.

Sincerely,

Dan Maffei
Member of Congress
