

Pumps & Fuel Systems

A mid-level to advanced course designed for anyone working on oil-fired equipment and others looking for more knowledge on residential oilburner tanks, fuel units, fuel lines, valves and accessories. A no-nonsense course on oil-burner fuel systems and components. The course focuses on oil pumps, tanks, piping, valves, oil de-aerators, and fuel system boosters on all types of residential and commercial oilburners and how to diagnose and correct the problems. NORA Approved (FIR-3) for 8 CEUs.

Class will be taught by Bruce Marshall formerly of Suntec.

Our textbook; "Fuel Systems Handbook" and lunch are included.

Please copy and make out one form per student. FULL TUITION of \$295.00 is required with registration. Tuition includes a \$170.00 education fee, a \$125.00 books and supplies fee and a \$150.00 non-refundable NO-SHOW registration fee.
