

Request to use Cookie Credits

GS Camp Willolinn does cookie credit reimbursement after camp (we submit for the funds from council, we receive funds from council, we reimbursement to amount to the family). Cookie credit cards that will be good for Camp WilLoLinn 2017 were received either from the 2016 cookie season (good through August 2017) or from the 2017 cookie season (good through August 2018).

Send an email with the following information: Camper name (the one on the card), the entire 19 digit card number, the amount you are requesting and an evening phone number. If there are any special considerations add that information to your email.

***NOTE: Council now requires an email/letter from the girl to whom the cookie credit card is issued giving permission for its use for a sibling. If you plan to use one card to cover sibling camper fees please submit a letter similar to ...**

In order for your cookie credit request to be processed it must be received by July 1, 2017.

Cookie credits are not deducted from registration fees. They are a camp refund and can only be processed after Council has cleared the full list of requests and forwarded payment to our camp account. If at all possible we will refund your cookie credit directly to the credit card you used to make your original camp payment. If a credit card refund is not possible we will refund your credit by check to the address in the camper's registration.
