Architecture Y41

Architecture is not just the special buildings like cathedrals, museums, or sports stadiums we read about or see on television; it is as normal as the homes, places of worship, schools, and shopping malls where we live, worship, work, learn, and play every day. However, architecture is more than just common shelter; building has always satisfied the human need to create something of meaning. Even the simplest form of architecture is a work of art that requires thought and planning.

Aviation Y11

For most of history, people have dreamed of flying, imagining how it would feel to soar through the sky like an eagle or hover in midair like a hummingbird, to float on unseen currents, free of Earth's constant tug, able to travel great distances and to rise above any obstacle. Today, through aviation, we can not only join the birds but also fly farther, faster, and higher than they ever could.

Maximum number of participants: 12

Prerequisites: Prerequisites for MBU: 4

NOTE: Read the official BSA Merit Badge pamphlet for this badge. Also download the requirements worksheet from <http://www.meritbadge.org>. Bring your completed worksheet to your class.

Notes: If you elect to do requirement 4a, this needs to be a trip to an airport for the purposes of doing this requirement, not just passing through an airport like O'Hare to travel somewhere. A good suggestion is to go to a smaller regional airport. After your visit prepare your report and bring that to MBU for counselor review.

Lifesaving Y31

No Boy Scout will ignore a plea for help. However, the desire to help is of little use unless one knows how to give the proper aid. The main purpose of the Lifesaving merit badge is to prepare Scouts to assist those involved in water accidents, teaching them the basic knowledge of rescue techniques, the skills to perform them, and the judgment to know when and how to act so that they can be prepared for emergencies.

Minimum number of participants: 1

Maximum number of participants: 8

Prerequisites: Prerequisites for MBU: 1 also see notes

NOTE: Read the official BSA Merit Badge pamphlet for this badge. Also download the requirements worksheet from <http://www.meritbadge.org>. Bring your completed worksheet to your class.

It is rare for anyone to complete this badge at MBU.

MBU Notes: Please review requirement 1

1) Before doing requirements 2 through 17

a. Complete Second Class requirements 5a through 5d and First Class requirements 6a, 6b, and 6e.

Second Class requirements 5a through 5d

(5a) Tell what precautions must be taken for a safe swim

(5b) Demonstrate your ability to pass the BSA beginner test: Jump feetfirst into water over your head in depth, level off and swim 25 feet on the surface, stop, turn sharply, resume swimming, then return to your starting place.

(5c) Demonstrate water rescue methods by reaching with your arm or leg, by reaching with a suitable object, and by throwing lines and objects. Explain why swimming rescues should not be attempted when a reaching or throwing rescue is possible.

(5d) Explain why and how a rescue swimmer should avoid contact with the victim.

First Class rank requirements 6a, 6b, and 6e: (6a) Successfully complete the BSA swimmer test.

(6b) Tell what precautions must be taken for a safe trip afloat.

(6e) With a helper and a practice victim, show a line rescue both as tender and as rescuer. (The practice victim should be approximately 30 feet from shore in deep water.)

Scouts should keep in mind that the requirements include : 1b. Swim continuously for 400 yards using each of the following strokes in a strong manner for at least 50 continuous yards: front crawl, sidestroke, breaststroke, and elementary backstroke.

The 400 yard swim must be performed prior to moving on to any subsequent requirements. Scouts should come to class prepared to present front crawl, sidestroke, breaststroke, and elementary backstroke in a strong manner.

SPEND TIME PRACTICING.

The pace of the class is largely dependent on the ability of the candidates involved. It is rare for anyone to complete the badge at MBU. Additionally, because of the progressive "skill building" nature of the class MBU is not suitable for completion of partials.

Public Health Y21

The field of public health deals with maintaining and monitoring the health of communities, and with the detection, cure, and prevention of health risks and diseases. Although public health is generally seen as a community-oriented service, it actually starts with the individual. From a single individual to the family unit to the smallest isolated rural town to the worldwide global community, one person can influence the health of many.

To earn this badge at MBU, you must complete beforehand, and bring evidence of your completion, requirements 5, 7 and 8. However, depending on the number of scouts who have completed the prerequisites, there is no guarantee that there will be sufficient time to review all your materials at MBU, so other arrangements after MBU may be necessary. To ensure that your materials can be reviewed, email your pictures, interview notes, completed workbook pages, etc. at least 2 weeks ahead of MBU to the counselor. Please copy mom or dad or guardian or scoutmaster on any email to the counselor.

I look forward to seeing you at MBU. Mr. Moskal rmscouter@gmail.com

Robotics Y11

Earning the Robotics merit badge requires a Scout to understand how robots move (actuators), sense the environment (sensors), and understand what to do (programming); he should demonstrate robot design in building a robot. You should help ensure that the Scout has sufficiently explored the field of robotics to understand what it is about, and to discover whether this may be a field of interest for him as a career.

Minimum number of participants: 1

Maximum number of participants: 15

Prerequisites: Prerequisites for MBU: 4-6 (see notes)

NOTE: The BSA Merit Badge Pamphlet contains the official Requirements for this merit badge, which you should read before MBU. Make sure you bring the worksheets to all your classes.

NOTE: Requirements 1-3 & 7 - Come to class with a working understanding of each – we will have a class discussion to complete these requirements.

Robotics MB can only be completed at MBU if the Scout can bring and demonstrate his robot to the class and document their work for requirements 4 & 5 in their robot engineering notebook (see requirements, this is separate from merit badge workbook). Scouts whom cannot execute requirements 4& 5, have their robot engineering notebook, and complete requirement 6 will receive a partial at the end of class.

Please bring both your notebook and a printout of the Robotics workbook to MBU. For requirement 6 - Bring your supporting documentation and complete the Robotics workbook. If a Scout has attended a competition (6a) he should bring some evidence from that competition (picture of him at the event, event program, etc.). If he has not, the Scout can earn this requirement by completing the information on the worksheet for 6b.

NOTE: Read the official BSA Merit Badge pamphlet for this badge. Also download the requirements worksheet from <http://www.meritbadge.org>. Bring your completed worksheet to your class.

MBU Notes:

Please review the materials before class and work on completing the workbook.

To earn this badge at MBU, you must complete beforehand, and bring evidence of your completion, requirements 2d, 3c, 4a-c, 5a, 5b, 6d and 7. However, depending on the number of scouts who have completed the prerequisites, there is no guarantee that there will be sufficient time to review all your materials at MBU, so other arrangements after MBU may be necessary. To ensure that your materials can be reviewed, email your pictures, drawings, completed workbook pages, etc. at least 2 weeks ahead of MBU to the counselor. Please copy mom or dad or guardian or scoutmaster on any email to the counselor.

For requirement 5b, pages 27-31 of the merit badge pamphlet have excellent examples of how to do these demonstrations. Take good before and after pictures so that the effect you are demonstrating can be easily seen.

I look forward to seeing you at MBU. Mr. Moskal rmscout@gmail.com

Swimming Y11

Swimming is a leisure activity, a competitive sport, and a basic survival skill. Scouts who earn this badge will learn about safety when swimming and diving, how swimming can contribute to overall fitness and health, and gain some basic competitive swimming skills.

Minimum number of participants: 1

Maximum number of participants: 16

Prerequisites: Prerequisites for MBU: none

NOTE: Read the official BSA Merit Badge pamphlet for this badge. Also download the requirements worksheet from <http://www.meritbadge.org>. Bring your completed worksheet to your class.

Important MBU Notes:

1. Participants need to have been classified as a "Swimmer" on their last swim test (for summer camp 2014). There is NOT a need to bring any documentation, notes from scoutmaster, etc. A scout is Trustworthy. Scouts who are not "Swimmer" capable will not be able to complete the very rigorous requirements of this challenging EAGLE merit badge.

2. Become VERY FAMILIAR with what the requirements 1-8 above are asking you to demonstrate. Due to time limitations at MBU, there is no time for instruction during the MBU sessions. For example, when the instructor says "swim 50 yards of Elementary Backstroke" or "perform headfirst surface dive and three underwater strokes", make sure you have sufficient understanding of the requirements to be able to demonstrate such requests, WITHOUT any reminders, any demonstrations or any other instructions. Unprepared scouts will likely be unable to complete the requirements in the timeframe available. Don't be disappointed, BE PREPARED!
