Semen Shipment:

- The veterinarian/breeding manager must call or text the Stallion Owner (864-952-7715; text preferred) by 6:00 PM EST the day prior to collection to place the mare on the semen shipment list for the following collection day. Semen shipments can be confirmed at the time of ordering; otherwise, they must be confirmed or canceled no later than 8:00 AM EST the day of collection. If the shipment is not confirmed or canceled by that time, it will be assumed that the semen is still needed and the Mare Owner will be charged for the shipment.

 - Hassinger Farm or Hassinger Equine Services will not be held liable for damage to semen during or after shipment, loss of viability, or any costs arising from shipments delayed, damaged, or lost in transit.
 - A pre-paid return shipping label will be included in the shipping container. Shipping containers must be returned in good condition within 7 days of the shipment being received. Failure to do so will result in a \$50 replacement fee.

Live Foal Guarantee:

Stallion Owner guarantees that a single live foal will result from the breeding privileges outlined in this contract. The term “live foal” means that one foal resulting from the breeding is born and lives for 24 hours. It is understood that if the Mare proves to be barren, aborts the foal, or foal is stillborn or dies within 24 hours of birth, a rebreeding contract will be granted for the following breeding season only, provided proper notification is given, as defined below:

- Written certificate by a licensed veterinarian within 7 days of the Mare aborting or producing a non-viable foal.

- Mare owner verifies in writing that such abortion or death did not result from any act or omission on the part of the Mare Owner.

- Evidence that due diligence was taken during the breeding process and throughout pregnancy is needed to validate the LFG. This includes confirmation of ovulation, a pregnancy diagnosis within 21 days of breeding, a heartbeat check within 60 days of breeding, proper vaccination schedule (including vaccination for EHV-1 at 5,7, & 9 months gestation), supervised foaling, and IgG testing within the first 24 hours.

Multiple Foals:

It is agreed to by the Stallion Owner and the Mare Owner that only one foal will be registered for each breeding that is secured with this contract and that the semen received will only be utilized on the Mare named in this contract. It is the intent of the Stallion Owner that only one mare per contract be inseminated with the semen provided. When utilizing Embryo Recovery and Transfer or any other advanced breeding procedure, should more than one embryo result from a breeding, Mare Owner agrees to pay an additional Stallion Fee (\$1,100) upon confirmation of a 45-day pregnancy in order to receive a breeding certificate for additional foals. If the Mare gives birth to twins, Mare Owner agrees to pay an additional Stallion Fee (\$2,000) in order to receive a breeding certificate for the additional foal.

Rebreeds:

If the mare does not produce a live foal as a result of the breeding outlined in this contract, the Mare Owner is entitled to a rebreeding contract the following year, with fee details listed above. If the mare owner fails to utilize the option to rebreed the Mare during the breeding season following the initial contract, then the right to a rebreeding contract is cancelled and the Stallion Owner is released from further obligation.

Substitutions:

If the stallion dies or becomes unfit for service during the breeding season and the Mare is not in foal, the Stallion Owner reserves the right to offer frozen semen to fulfill this contract and/or the option to breed to another Hassinger Farm resident stallion. If the Mare dies or becomes unfit for breeding, a different mare may be substituted only upon agreement modification by both the Mare Owner and Stallion Owner.

Disputes:

Should any dispute or litigation arise that is not otherwise governed by a provision in this contract, including but not limited to, a dispute alleging that Stallion Owner has breached this contract, the parties hereby specifically agree that damages, expenses, costs and fees including attorney fees for such dispute, whatever the nature of the

dispute, shall be limited to the value of this contract. Any litigation that may result from this contract must take place in Hoke County, North Carolina. Mare Owner irrevocably and unconditionally submits to the personal and subject matter jurisdiction of the State of North Carolina. All objections to venue are waived.

This contract represents the entire agreement between the parties. This contract is not to be modified by anyone other than the Stallion Owner. No other agreements or promises, verbal or implied, are included unless specifically stated in this written contract. Additional agreements must be individually initialed by the parties. When Mare Owner and Stallion Owner sign this contract, it will be binding on both parties, subject to the above terms and conditions.
