

Whether we're together or apart,

September 14, 2020

Dear Friends,

Today, we are living in troubled times. The pandemic and social unrest has taken away our physical touch, increased uncertainty, raised fear, and further separated us from our community. But, what has not been taken away is our connection to each other. We have been given a new perspective - clarity for what is really important. Love of God, community, and care of all that is entrusted to us is our most important reality today. That is Stewardship.

Expressing our love of God and our community is one way of being good stewards of all that He has created. How wisely we use our time, talent and treasure is essential during these times.

Bethany Presbyterian is kicking off the annual stewardship campaign. Our theme is "**Whether we're together or apart, Stewardship, is our way of life.**" During the next few weeks, we will be highlighting the importance of Stewardship here at Bethany. On October 5th, pledge cards will be mailed out to you. We ask that you consider your commitment to Bethany's missions, and give generously. For your convenience, consider electronic bank transfer from your checking account directly to Bethany.

Return your pledge card and you will be eligible for a prize. All pledges should be returned by October 18th - Commitment Sunday. Unfortunately, our commitment brunch is canceled.

The Stewardship Committee would like to thank you for your generosity, your time and talent in managing God's creations. God created man to be His management team on earth... Let's do our part.

Bob Osborne
Stewardship Committee
