

Central Region 11/8/17

- Talked about natural families-they are not licensed; Keystone and RDS are working on new contracts for natural families. All families will be billed as non-licensed. Natural families will be treated the same as any other Lifesharing home. If there is an incident it is still reportable. (Do we remove the person from the home if there is an allegation?) What about contiguous sites does that apply?
- Sub-care and respite- (30 days per person)- Will rates be different from respite to subcare? Licensed versus non-licensed?
- Chapter 51- med training has to be clarified
- Behavioral support, home and community in home supports, and nursing gets paid out of the Lifesharing budget.
- Conference update- over all everyone liked the conference. Trainings were really liked. Upgrades to some of the rooms. Rooms were charged to people but the discount was taken off the entire bill. Sarah will have to get people reimbursed that had upgrades. Someone is need to head up the conference committee for next year.
- Received a list of ODP Central Region Contacts
- Celebration hall is being sold. Sarah looked into the Ramada at State College; State Coalition meeting will probably be there.
- Community participation can be used instead of day program for those not having a day program.
- Residential day 8hrs vs 12 hrs.
- Sarah compiled a list of questions for ODP for the December meeting.
- What is Ron's agenda for the December meeting?
- Community Living Waiver Draft- is there enough slots for community living waivers or have they already been assigned?
- Training topics- health care needs. A question was asked to agencies present- How training on health care for individuals being done is. Answer HCQU trainings, Nurses, source of health care.
- Next State Coalition meeting will be 12/7/17 at the Radisson in Camp Hill 10am.

Upcoming meetings and responsibilities

Date	Agenda Builder/facilitator	notes	Hospitality
1/17/18	Skills	Keystone	RDS
3/21/18	Keystone	RDS	Skills
5/16/18	RDS	Skills	PDS
