## BRIGGS HEALTHCARE® (66)

### NEBULIZER SYSTEMS

#### MiniComp™ Portable Compressor Nebulizer Kits

One-button operation delivers aerosol medication therapy effectively with clinical accuracy. Several key features are incorporated into the design, making it a highly functional system in home respiratory care. Easy-carry handle and built-in nebulizer holder distinguish the MiniComp™ from other nebulizer units. Nonslip pads on the bottom ensure the unit will rest securely on any flat surface. Include compressor, nebulizer, 7' air tubing, angled mouthpiece, five air filters and bilingual instruction manual. Ideal for all ages and do not require water to operate. Very easy to clean and come with a five-year limited warranty.

# RESPIRATORY

## TELEFLEX®-HUDSON RCI® (92)

All Teleflex®-Hudson RCI® respiratory products are latex-free unless otherwise noted.

**LATEX FREE**

### UP-DRAFT II® Neb-U-Mist Nebulizers

Handheld nebulizers deliver concentrated mist at flow setting of 6 lpm and operate even when held at 45° angle. Anti-spill design prevents loss of medication in any position. Cap and jar screw apart for easy cleaning. Come with 7' oxygen supply tubing and standard connector.

|  | ITEM # | HCPCS | SOLD BY |
|--|--------|-------|---------|
| With tee and mouthpiece                      | 1732   | A7003 | ea      |
| With tee, mouthpiece and 8-cc reservoir tube | 1734   | A7003 | ea      |

### MICRO MIST® Nebulizers

Small-volume nebulizers are designed for performance and economy, and can be used for handheld or inline treatments. Consistent performance at angles up to 90° allows clinicians to administer medication to users positioned horizontally or with special treatment requirements. Easy-seal, threaded cap and 6-cc capacity anti-spill jar prevent leakage.

|   | ITEM # | HCPCS | SOLD BY |
|---|--------|-------|---------|
| Nebulizer only  | 1880   | A7004 | ea      |
| With tee, mouthpiece, 7' tubing and standard connector                      | 1882   | A7003 | ea      |
| With tee, mouthpiece, 6-cc reservoir tube, 7' tubing and standard connector | 1883   | A7003 | ea      |

## MASKS

### Medium Concentration Oxygen Masks

Clear, soft vinyl for patient comfort and visual assessment. Complete with 7' oxygen supply tubing. Adapter swivels to accommodate patient position.

|                  | ITEM # | HCPCS | SOLD BY |
|------------------|--------|-------|---------|
| <b>STANDARD</b>  |        |       |         |
| Pediatric        | 1035   | A4620 | ea      |
| Adult            | 1040   | A4620 | ea      |
| <b>ELONGATED</b> |        |       |         |
| Pediatric        | 1042   | A4620 | ea      |
| Adult            | 1041   | A4620 | ea      |

### Non-Rebreathing Masks

Clear, soft vinyl for patient comfort and visual patient assessment. Adjustable nose clip ensures comfortable fit. Low-resistance check valve prevents rebreathing and allows exhaled gas to escape. Complete with 7' oxygen supply tubing.

|           | ITEM # | HCPCS | SOLD BY |
|-----------|--------|-------|---------|
| Pediatric | 1058   | A4620 | ea      |
| Adult     | 1059   | A4620 | ea      |

### Tracheostomy Masks

For tracheostomy and laryngectomy aerosol therapy. Tubing connector swivels 360° and accepts 22-mm ID corrugated tubing. Does not include tubing.

|           | ITEM # | HCPCS | SOLD BY |
|-----------|--------|-------|---------|
| Pediatric | 1076   | A7525 | ea      |
| Adult     | 1075   | A7525 | ea      |

### Aerosol Masks

Clear, soft, vinyl mask with adjustable nose clip and 22-mm connector. Disposable aerosol masks can be used with most handheld nebulizers for aerosol therapy. Adjustable nose clip for comfort. Does not include tubing.

|                  | ITEM # | HCPCS | SOLD BY |
|------------------|--------|-------|---------|
| <b>STANDARD</b>  |        |       |         |
| Pediatric        | 1080   | A7015 | ea      |
| Adult            | 1084   | A7015 | ea      |
| <b>ELONGATED</b> |        |       |         |
| Pediatric        | 1085   | A7015 | ea      |
| Adult            | 1083   | A7015 | ea      |

### Air Entrainment Adult MULTI-VENT® Mask

Safe, simple delivery for variable concentrations of oxygen. Features color-coded, air-entrainment, low- and medium-concentration diluters. Locking ring secures flow settings. Includes adapter for high-humidity entrainment. Supplied with 7' oxygen supply tubing.

| ITEM # | HCPCS | SOLD BY |
|--------|-------|---------|
| 1088   | A4620 | ea      |

## CHAMBERS & PEAK FLOW METERS

### Pocket Chamber

Equipped with a highly sensitive silicone valve that opens easily without restricting airflow. This one-way valve helps keep users from accidentally blowing the medication out of the chamber and may aid users experiencing difficulty timing their inhalation.

| ITEM # | HCPCS | SOLD BY |
|--------|-------|---------|
| 100110 | A4649 | ea      |

### PocketPeak™ Peak Flow Meter

Accurate, easy-to-use peak flow meter for assisting in measurement of lung function. Durable ABS plastic housing and Steel-flex™ stainless-steel vane are dishwasher safe. Universal range.

| ITEM # | HCPCS | SOLD BY |
|--------|-------|---------|
| 1801   | A4614 | ea      |

## ADAPTORS

### Universal Cuff Adaptor

Clear adaptor with standard 22-mm ID connections.

| ITEM # | HCPCS | SOLD BY |
|--------|-------|---------|
| 1421   | E1399 | ea      |

### Multi-Adaptor

Clear adaptor with standard 15-mm ID and 22-mm OD connections.

| ITEM # | HCPCS | SOLD BY |
|--------|-------|---------|
| 1422   | E1399 | ea      |

### Pressure Line Adaptor

With standard 22-mm ID/OD connections and barbed elbow that swivels 360° and accepts 5-mm – 7-mm ID tubing.

| ITEM # | HCPCS | SOLD BY |
|--------|-------|---------|
| 1642   | E1399 | ea      |

## CANNULAS

### SOFTECH Nasal Cannulas

Produced by a special manufacturing process to provide an exceptionally soft cannula. Over-the-ear design provides comfort and secure fit. Available with standard or universal connector, and with or without STAR LUMEN® or standard tubing.

|                | ITEM # | HCPCS | SOLD BY |
|----------------|--------|-------|---------|
| With 7' tubing | 1820   | A4615 | ea      |
| Without tubing | 1821   | A4615 | ea      |

### Over-the-Ear Nasal Cannulas

Cost-effective; offered in a wide range of configurations. Flexible, contoured lip tab provides a high level of patient comfort. Over-the-ear design provides comfortable and secure fit. Offered with standard nonflared or flared nasal tips. Available with STAR LUMEN® tubing in a variety of lengths.

|   | ITEM # | HCPCS | SOLD BY |
|---|--------|-------|---------|
| Over-the-ear, with 7' oxygen tube       | 1103   | A4615 | ea      |
| Without tubing                          | 1109   | A4615 | ea      |
| With 7' tubing                          | 1110   | A4615 | ea      |
| With curved, nonflared tips, 25' tubing | 1812   | A4615 | ea      |
| With flared nasal tips                  | 1108   | A4615 | ea      |

## TELEFLEX®-HUDSON RCI® (92)

All Teleflex®-Hudson RCI® respiratory products are latex-free unless otherwise noted.

**LATEX FREE**

## OXYGEN TUBING AND SUPPLIES

### STAR LUMEN® Tubing with Connector and Lumen

Features a standard connector that attaches directly onto flowmeter, which eliminates need for an adapter. Channeled inner lumen resists kinking and occlusion.

|     | ITEM # | HCPCS | SOLD BY |
|-----|--------|-------|---------|
| 7'  | 1112   | A4616 | ea      |
| 14' | 1118   | A4616 | ea      |
| 25' | 1119   | A4616 | ea      |
| 50' | 1120   | A4616 | ea      |

### Oxygen 7' Supply Tubing

Soft, flexible vinyl tubing with universal connectors.

|  | ITEM # | HCPCS | SOLD BY |
|--|--------|-------|---------|
|  | 1115   | A4616 | ea      |

### Oxygen Supply Tubing Connector

Clear plastic connector couples tubing 5 mm – 7 mm.

|  | ITEM # | HCPCS | SOLD BY |
|--|--------|-------|---------|
|  | 1420   | A4649 | ea      |

### Oxygen Tubing Water Traps

Collect moisture that may accumulate during oxygen therapy into a small-bore tubing/nasal cannula.

|  | ITEM # | HCPCS | SOLD BY |
|--|--------|-------|---------|
|  | 1679   | A7012 | 10/cs   |

### CORRA-A-FLEX® II Corrugated Roll Tubing

Lightweight, flexible corrugated tubing in 100' roll with cuttable sections every 6'. Collared ends fit 22-mm connections.

|  | ITEM # | HCPCS | SOLD BY |
|--|--------|-------|---------|
|  | 1680   | A7010 | ea      |

### Disposable Plastic Nipple and Nut

Barbed hose adapter for standard DISS oxygen outlets.

|  | ITEM # | HCPCS | SOLD BY |
|--|--------|-------|---------|
|  | 2555   | E1399 | ea      |

## AEROSOL & MEDICATION DELIVERY

### Aerosol Drainage Bags

Disposable aerosol drainage bags with adapter-fit 22-mm ID corrugated tubing. Bags have plastic chain for securing to stable objects. Feature convenient drainage port and 750-cc capacity.

|             | ITEM # | HCPCS | SOLD BY |
|-------------|--------|-------|---------|
| Tee adapter | 1740   | A7012 | ea      |
| Wye adapter | 1742   | A7012 | ea      |

## DISPOSABLE MANUAL RESUSCITATORS

### LIFESAVER® Reusable Pediatric Manual Resuscitator

Can be taken apart fully for easy cleaning and reuse. Fully autoclavable (except reservoir bag). Collapsible for compact, convenient storage. Non-rebreathing valve offers low resistance to both inspiratory and expiratory gas flows. Designed to meet ISO and ASTM resuscitator bag standards.

|  | ITEM # | HCPCS | SOLD BY |
|--|--------|-------|---------|
|  | 5346   | E1399 | ea      |

### LIFESAVER® Disposable Manual Resuscitators

Combine quality, features and performance. Designed to meet ISO and ASTM resuscitation bag standards. Available with optional 40-cm pressure relief pop-off valve. Some styles include optional valved air cushion mask. Also contain optional foldable bags.

|                                  | ITEM # | HCPCS | SOLD BY |
|----------------------------------|--------|-------|---------|
| Infant                           | 5361   | A4649 | ea      |
| Pediatric                        | 5366   | A4649 | ea      |
| Pediatric with mask, item # 1273 | 5367   | A4649 | ea      |
| Adult with mask, item # 1276     | 5372   | E1399 | ea      |

## BREATHING EXERCISERS

### Air-eze Incentive Deep Breathing Exerciser

Wide flow rate ranges from 200 cc/second – 1,200 cc/second. Compact, low-resistance design. Sliding incentive indicator.

|  | ITEM # | HCPCS | SOLD BY |
|--|--------|-------|---------|
|  | 715700 | E1399 | ea      |

### Voldyne® 5000 Volumetric Exerciser

Large-volume measurement and advanced low-work-of-breathing design. Compact, ergonomic design with built-in handle. Contains graduation on both sides of unit and good/better/best flow window for visualization of display improvement. 5,000 mL.

|  | ITEM # | HCPCS | SOLD BY |
|--|--------|-------|---------|
|  | 719009 | E1399 | ea      |

## PHILIPS RESPIRONICS (HD/RE)

All Philips Respironics respiratory products are latex-free unless otherwise noted.

## NEBULIZER SYSTEMS

### InnoSpire Elegance Compressor Nebulizer System

Provides reliable aerosol therapy. Rated for continuous use. Paired with the SideStream nebulizer that consistently delivers fast, efficient, high quality aerosol to in-home user.

|   | ITEM #      | HCPCS | SOLD BY |
|---|-------------|-------|---------|
| Nebulizer system                            | (RE)1100134 | E0570 | ea      |
| SideStream disposable nebulizer with tubing | (RE)HS800   | A7003 | ea      |
| SideStream reusable nebulizer with tubing   | (RE)HS860   | A7005 | ea      |
| Replacement filter                          | (RE)1102088 | A7013 | 4/pk    |

### SideStream Plus Breath-Enhanced Reusable Nebulizer

Breath-enhanced, reusable nebulizer is designed to improve drug delivery. Easy-action inspiratory valve opens on inspiration to boost medication delivery and closes on exhalation, preserving medication and reducing waste. Significantly less pressure is required to open the inspiratory valve compared to other breath-enhanced nebulizers. There's no need to remove the valve when using a mask, making treatments easier for pediatric and elderly users. With its SideStream five-jet Venturi design, SideStream Plus provides high respirable fraction and shortens treatment times.

### PEAK FLOW METERS/MDI SPACERS

#### PersonalBest Peak Flow Meters

Lightweight, self-contained, portable design. Rugged, sterilizable construction. Encourage compliance with comfortable oval mouthpiece and easy-to-use, built-in handle. Handle converts into a carrying case for ultimate portability and protection. Integrated, three-zone asthma management system helps patients comply with treatment regimens. The color-coded indicators (located to the right of the scale) can be adjusted to delineate a user's green, yellow and red zones based on personal best peak flow. Safety mouthpieces reduce the risk of cross-contamination during multiuser screening, and the one-way valve prevents users from inadvertently breathing in air through their meters during peak expiratory flow rate testing. One-year, unconditional warranty.

|                                   | ITEM #       | HCPCS | SOLD BY |
|-----------------------------------|--------------|-------|---------|

| Full Range (60 L/min – 810 L/min) | (HD)H5755012 | A4614 | ea      |

### MASKS

#### Sami the Seal Pediatric Mask

Designed to appeal to children and reduce their fear of mask treatments. For use with all SideStream nebulizers. Made of soft, flexible material to promote comfort and fit; reduces aerosol deposition in and around the eyes.

| ITEM #    | HCPCS | SOLD BY |
|-----------|-------|---------|
| (RE)HS880 | A7015 | ea      |

## MONAGHAN MEDICAL (MW)

### AIRWAY CLEARANCE

#### Aerobika® Oscillating Positive Expiratory Pressure (OPEP) Therapy System

Drug-free, easy to use, hand-held device that helps people with COPD and other respiratory conditions, breathe easier and live better. Clinical results demonstrate that using the Aerobika® OPEP device significantly improves mucus clearance, decreases cough frequency, reduces breathlessness, improves exercise tolerance and quality of life. Standard 22 mm fitting accommodates small volume nebulizers to reduce overall therapy time and improve patient compliance. The device breaks down into 4 parts for easy cleaning, disinfection, and ensures proper reassembly every time. One device for all patient groups, Aerobika® OPEP includes 5 resistance setting to adjust to each patient's capacity. BPA- and latex-free.

| ITEM #  | HCPCS | SOLD BY |
|---------|-------|---------|
| 62510EA | A9270 | ea      |

### CHAMBERS

#### Monaghan™ Z STAT® Anti-Static Valved Holding Chamber (aVHC)

Provides consistent aerosol delivery right out of the package with no pre-treatment required. Using Monaghan™ Z STAT® helps overcome poor inhaler technique to improve medication delivery and reduce side effects. Small, portable chamber is dishwasher safe and the Ideal size for convenience and clinical effectiveness. Includes FlowSignal® Whistle to alert patients to breathe slowly. Built-in ComfortSeal® Mask (small, medium, and large) is anatomically designed to contour gently to the face providing a secure seal and comfortable fit with minimally applied pressure. BPA- and latex-free.

|  | ITEM # | HCPCS | SOLD BY |
|--|--------|-------|---------|

## PEAK FLOW METERS

#### TruZone® Peak Flow Meter (PFM)

Reliable management of peak expiratory flow (PEF) helps keep patients safe and in control of their asthma. ColorZone® tape and three-zone asthma management system peels and sticks directly onto the TruZone® PFM helping patients monitor their PEF and comply with their physicians instructions. Internal indicator delivers tamper proof readings and reliable zone settings. Unique ergonomic body shape and small size facilitate patient compliance. Multi-patient use is available when used with the disposable one-way valve mouthpiece. BPA Free, Latex Free.

| ITEM # | HCPCS | SOLD BY |
|--------|-------|---------|
| 96510  | A4614 | ea      |

### NEBULIZERS

#### AeroEclipse® XL Breath Actuated Nebulizer (BAN)

The reusable AeroEclipse® XL BAN is the only breath actuated jet nebulizer that can reduce potentially harmful emissions for safer hospital environments and optimize aerosolized medication delivery to the patient. Breath actuated delivery only produces aerosol on inhalation allowing for breaks in treatment without drug loss. Higher drug delivery efficiency offers clinical reassurance for treating a wide range of patients with unique breathing patterns and disease states. Green feedback button confirms aerosol is being produced and encourages long, slow inhalation. Mode selector offers the flexibility to use in either breath actuated or continuous mode. Includes user-friendly EZ Twist tubing for easier assembly and removal when connecting to a compressor. Optional ComfortSeal® Mask accessory contours gently to the face providing a secure and comfortable fit with minimal dead space. Approved for up to 6-months of single-patient use. BPA- and latex-free.

| ITEM # | HCPCS | SOLD BY |
|--------|-------|---------|
| 69010  | A7005 | ea      |

#### AeroEclipse® II Breath Actuated Nebulizer (BAN)

The AeroEclipse® II BAN is the only breath actuated jet nebulizer that can reduce potentially harmful emissions for safer hospital environments and optimize aerosolized medication delivery to the patient. Breath actuated delivery only produces aerosol on inhalation allowing for breaks in treatment without drug loss. Higher drug delivery efficiency offers clinical reassurance for treating a wide range of patients with unique breathing patterns and disease states. Green feedback button confirms aerosol is being produced and encourages long, slow inhalation. Mode selector offers the flexibility to use in either breath actuated or continuous mode. Includes user-friendly EZ Twist tubing for easier assembly and removal when connecting to a compressor. Optional ComfortSeal® Mask accessory contours gently to the face providing a secure and comfortable fit with minimal dead space. BPA- and latex-free.
