PRESIDENT'S MESSAGE

In our second month...and things are beginning to shape up, committees are at work, and the club is moving right along with gusto.

We met with our District Gov Terri Amerio-Bell, and as we talked our direction became more solid, and impressive. The strength of our resourceful and skilled members is of utmost importance. While we seek to invite, engage, and desire more members, we will also be very attentive to the well being and growth of our current members. Are newer members being invited to do some committee work or planning?? Are members missing meetings for some reason with which we can help? Is the Board "hearing" issues we might need to address? Are the meetings

time well spent??

We care and are happy they are part of our family of Rotarians. If you hear of issues, problems, or any way in which we can help each other, please don't hesitate to speak up....in confidence as well.

Until next month.
