

Wed., December 29, 2010 The Oxford Leader Best of the Best Section

## Trust your kids to Little Kelli's Playhouse

I would like to thank everyone who voted for us. I feel proud to be voted the "Best of the Best", and to win the "Best Daycare in Oxford Award". I feel fortunate to be part of the Oxford Community, and to have your continued love and support.

Located just outside of Down Town Oxford, our program offers a warm, caring environment that makes each child and parent feel special. Our child care and preschool program focuses on children ages 18 months to 5 years. We believe

that for a child to be successful in his or her development, it requires teamwork from both the parents, and the school. We are a play-based program that focuses teaching and learning through literature, music and art. A Highlight of the program

is that your child has the same teacher from enrollment to graduation. This continuity and small classroom size creates a child with high self esteem and self worth. We believe that children learn best through natural consequences,

curiosity and experiences. Experimentation, creativity, and discovery are all encouraged in a safe and healthy environment. Thank you again for everyone who voted for us, making us #1 in Oxford!
