President's Message

If you did not attend our recent Jewelry exchange party, you missed out on some fabulous jewelry and great fun! Guild members donated their slightly or never worn jewelry for the nearly 50 Guild members and guests to purchase.

We all took home some very nice pieces! It was such a hit that we will probably make this an annual event! A huge thanks to Malena Tappan for providing her home and to Sue Ann Gordon, Rosemarie Witten and their amazing Guild team for assisting Malena with the beautiful displays of jewelry!

Our Hospital tour on June 15th was a real treat for 21 of our Guild members and guests who attended. We were honored to hear Dr. Rohit Kohli, MBBS, MS, speak about intestinal, liver and nutritional disorders in our children. Dr. Kohli leads the Division of Gastroenterology, Hepatology and Nutrition which we support at the Hospital.

You may have heard, but we now have open enrollment for membership and you can pick up membership brochures and application forms at the thrift shop! If you have friends or family members interested in joining our Guild, the La Providencia Board can review their applications at our next Active's meeting which will be on July 18th. Stop by the Thrift Shop and pick up a few applications.

We were sad to receive a notice from Lorelei Kelley, due to extenuating circumstances she decided to step down as Thrift Shop Chairman and moved to Patroness status. We are so grateful to her for serving as our Thrift Shop Chairman and thankful for the huge Thrift Shop remodel! The shop looks amazing! Rosemarie Witten has been appointed as interim Chair.

We wish to thank you for your continued generous support to our Guild and to the Children's Hospital Los Angeles! Remember, this year, we are supporting the Associates Endowed Chair for the Chief of the Children's Orthopaedic Center and the Associates Endowment for Liver and Intestinal Research.

2018 Children's Hospital Los Angeles Hospital Annual Tour

June 15, 2018, Guild members attended the annual Children's Hospital Los Angeles tour. 21 members and their guests attended the event. Our guest speaker was Dr Rohit Kohli MBBS, MS, Division Chief of Gastroenterology, Hepatology, & Nutrition. He gave us insight about the research he and his team are conducting and information on how Liver disease and Obesity affects our children. He stated that obesity has always been a growing concern for doctors but now weight loss surgeries are becoming more common for adolescents who are in their early teens. After Dr Kohli's talk our members and their guests received a guided tour of the hospital viewing several departments. Everyone who attended had a great time.
