To: All Delaware Businesses, Corporations and All individual Delaware Notaries Public

My name is Michael Ashley and I have been a Delaware Notary Public for since May, 1999. In April, 2010 I have started a nonprofit association for the Delaware Notaries (www.DelawareNotaryAssociation.org) to be a resource and dedicated to serve the Delaware Notary Public with education, notary supplies, opportunities to network their notarial experience/skills, optional online training on Delaware state specific notary laws (which is under construction) and up-to-date notary news that would benefit the Delaware Notary. The Delaware Notary Association is a part-time endeavor of mine in the networking of Delaware Notaries with each other and being a caring and loyal group of professional notaries public.

Another goal of the Delaware Notary Association is to promote the Expertise/Exposure of the Delaware Notary Public to the public and also to promote the marketing of the Delaware Notary Public to all constituents and businesses/corporations within and outside the State of Delaware who are looking for a Delaware Notary who are in need of their services.

I encourage your company to list all of your Notaries Public and any individual Delaware Notary Public in the "Notary Locator" on the Delaware Notary Association website. See some of the following reasons why:

- Better assist your existing customers in offering NEW products/supplies or UPDATING products/supplies when they are in need of a notarization of documents.
- Possibly attracting NEW customers to your services/products when they are in need of a notarization of documents.
- A resource for notary supplies to your notaries public.
- A resource for optional state specific training for the Delaware Notary Public – Online.
- Delaware Notary Associations goal to be a central resource for the mentoring of new and seasoned notaries public.

- Upholding the Trust and Integrity placed in the Delaware Notary Public by the public we serve.
- Deter Fraud by those requesting illegal notarizations and coercion by Unwilling Signers.

There are a couple of options in getting your Notaries Public listed in the “Notary Locator” on the Delaware Notary Association website. Please check them out and choose which best suites your needs.

In closing, please contact me if you have any questions or comments by phone (302) 598-0047 or by email Mike.DelawareNotary@verizon.net or Notaryinfo@verizon.net.

Thank You for your time,

Mike Ashley
