

# Our Patient Portal is Here

## Sign Up Now

Speak with a member of our staff to start using  
<https://ppmg.pcc.com/portal>

Access your child's medical records on your smartphone, tablet or PC.

### Adding Convenience to Your Life

Life is busy. Juggling your day-to-day and staying on top of your family's health care can be a challenge, but we've set up our new portal to help. Our practice's online tool at: <https://ppmg.pcc.com/portal> lets you communicate with us easily, any time and from anywhere.

You can access your child's medical records on your smartphone through Primary Pediatric Medical Group's secure patient portal at <https://ppmg.pcc.com/portal>.

Using your secure password and user ID, you can log into our practice at <https://ppmg.pcc.com/portal> 24/7 from your home or office. All you need is a mobile phone, tablet device or a computer with internet access.

### Information You Can Access Through My Kid's Chart

When you access our patient portal, you can review a health information summary for each child in your care, including:

- Most recent physical date
- Growth Record
- Immunizations

You can download or print your child's immunization record directly from Primary Pediatric Medical Group's portal at <https://ppmg.pcc.com/portal>.
