Thanks you very much for your
works. I just thought I let you
know that everyone I talk to
around Clear Lake said you were
the best their was to do any
works on diesel. They also said
you were very reliable & honest.

It's good to know there are
still people like you around!

Hey: Red

Great Job.... We are enjoying our new boat and just finished taking a trip to Galveston, with our family. The Engine ran great!

However, during our trip back the temp. Gauges in the ~~tower~~^{upper} helm were showing 220 and 210 respectively. The Engine room were showing 180 and 160 & Lower the same. We need to replace the upper gauges or take a look possibly.

Again Great Job... Red, Rob, Larry & Ryan.

Red - Enclosed is check for your work on the boat.

I wanted to add a personal note. I thank you for your honesty, fairness, and expertise, and if this seems strange to you, please be aware of the fact that for the last 12 years, I dealt with Performance Diesel and Neil Nixon - both of whom screwed me to the wall. But, not knowing you - I had no choice. Had we met years ago, I probably would still have my boat.

Nancy and I just wanted to thank you - we hope that our paths will cross on another day - and until then - we wish you well.

Good for you, you're a winner!

Red,

Thanks for your help. You saved me
a lot of money. I think they
have another potential buyer, since they
returned everything without a problem.

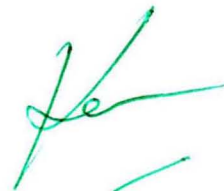

I don't need a formal report and I
did not give them a copy of your draft.

Dear Red + Lisa,

I can't begin how much I appreciated all of your help and experience. I'm sorry it just wasn't for me, keep up the good work because you have a great thing going! One day all of this hard work will pay off! Lets keep intouch,

Thanks,

Real - Thanks for a 1st Class
Job!

When I get to P.A. we
need to check the other
engine. And get it to
the performance of the
one you adjusted.
