

Silverbullet—This 12 minute lay down tanning bed utilizes high pressure adjustable facial tanners, shoulder tanners, and neck tanners. The Silverbullet has a double cooled lounge acrylic with full body and upper body fans. The Elliptical Design canopy provides closer body symmetry for a beautifully dark tan. To stay more relaxed during your tanning session, don't forget to use the body and face misting system.

Lotus—This 12 minute lay down tanning bed utilizes adjustable facial tanners as well as an air-conditioned lounge acrylic with multi-speed full body cooling. This canopy provides closer body symmetry for a darker tan.

Viper—This 12 minute lay down tanning bed has mirrored facial glass for optimum UVA tanning, as well as a 2 speed body blower to keep air circulating during your session.

Stand Up—This 9-10 minute tanning unit will help those hard to reach places on your body like the pressure points on your back as well as your underarms. For more comfortable tanning, this stand up also offers a direct venting system to keep you cool.

Cobra/Express—This 15 minute lay down tanning bed has a 2 speed body fan with an easy lift canopy. This starter bed provides a great bronzed color at an economical price.

Custom Spray Tan— This is a flawless UV Free spray tan that is airbrushed on your skin by a trained professional. Appointments must be pre-paid. Located at North Ankeny, Johnston and Ashworth.

Revolution Spray Booth— This is a UV Free spray tanning booth. The Revolution is the latest in spray booth technology. Bronze, hydrate, and smooth your skin in minutes with the best spray solution on the market.
