

CHILDREN BIRTHDAY COOKING PARTIES

Chef Walters Cooking School provides cooking themed parties, classes, camps, and specialty events for children in the state of Rhode Island. Our cooking events are a fun way for kids to flex their creative muscles, spend time working in peer groups, and best of all: A great way to introduce them to the joy of cooking and baking!

Cooking teaches kids valuable skills that they can carry with them through life. Children practice basic math when they measure ingredients, reading comprehension as they follow a recipe, team building as they work in groups, and they also build a strong foundation for healthy eating. All of these skills are mixed in with delicious food and fun.

We present another view of foods much more intricate and elevated in style because we feel that children could enjoy the art of discovering new flavors and textures, and move them forward the knowledge of better nutrition and healthy lifestyle.

We do not endorse manufactured ingredients, Trans-fats, or GMO. We support sustainable agriculture, organic and “back to roots cuisine”.

▪ **Children should:**

Wear closed-toe shoes to class and to dress appropriately for a cooking environment. Open-toed shoes, and flip flops are not allowed to be worn during class. Hair tied back. We will provide an apron during the cooking class or you may bring in your favorite apron as well.

▪ **Nut Allergies:**

Chef Walters Cooking School is NOT a nut free facility. Any nuts that are on site are stored in enclosed containers. All pans, pots, bowls, etc are run through our ware washing machine which reaches sanitizing temperatures during the cycle. In the classes most recipes we select allow the option of including or excluding nuts and we set up for each child accordingly. For the birthday parties NONE of the recipes include nuts.

▪ **Other food allergies or religious dietary restrictions:**

We also try to accommodate children with other allergies like milk allergies, sesame, soy, etc. As long as you inform our staff when you register your child that there are food allergies or dietary restrictions like no pork or no shellfish we will always try to find a substitution for the student unless the recipe restricts it.

It is VERY IMPORTANT that you address these issues during the registration process!
