The Restoration of Our Lady of Guadalupe

September 04-2022 Labor Day Weekend

Our Lady of Guadalupe Parish Hall 12:30pm After Mass

"A Story To Tell" film collection documents the oral histories of the Hispanic communities in Southern Colorado surrounding the Missions of Our Lady of Guadalupe Catholic Church. The Spaniards brought with them cultural traits that had been developed over two centuries of Spanish and Mexican control in the Southwest. Through this series, we hope to raise awareness and educate the public regarding the importance of protecting our culture for future generations.

The documentary film "A Place of Miracles" aims to demonstrate the rigorous restoration work which was undertaken to restore the historic structure and its art collection following fire damage. Our Lady of Guadalupe is a special place in Colorado where generation of friends and families gather to celebrate memories and say goodbye to loved ones.

"If we lose our traditions, we lose our identity" Father Sergio Robles

Due to DTEM's sole proprietorship status, it's funding is derived exclusively from personal monies and film sales. Therefore, **Community Support** is an essential source of funding for the completion of this collection. Contact: Rick Vigil, Down To Earth Media, LLC dtem@comcast.net 303-842-9579
