

PROSPECTIVE STUDENT ACKNOWLEDGEMENTS REGARDING: WORK PROGRAM

Revelations of Freedom Ministries
Blue Ball, Pennsylvania

ROFM's work program is required of each student. During the Phase 1 of ROFM, students will be volunteering at different places in the community in order to serve others and to develop work ethics. Also, the work program will help students build biblical values and character of a responsible individual.

1. I understand that as a student, I will be required to participate in the ROFM's work program.
2. I understand that if I am admitted, I will be performing my work assignments not as an employee of ROFM, but solely for my training benefit, to further my spiritual growth and maturity, character development, recovery from my addictions, and readiness to go back into the workforce.
3. I understand I will not be receiving any compensation of any kind in exchange for the performance of any work assignments
4. I understand that any compensation of any kind while in phase 1 work program will be forfeited to ROFM.
5. I understand that if I fail to perform my work assignments, ROFM may revoke my status and privileges as a student, not because performance of work assignments are the consideration for the receipt of such status and benefits, but because each student's participation in the work program is necessary and vital part of the recovery training process.
6. I understand that a student's attitude and ability to work will be considered when it's time to move to Phase 2 of ROFM.
