

PRELIMINARY SCIENTIFIC PROGRAM—ICA 2017												
THURSDAY, 7 SEPTEMBER 2017				FRIDAY, 8 SEPTEMBER 2017				SATURDAY, 9 SEPTEMBER 2017				
08.30 09.00	OPENING CEREMONY—WELCOME ADDRESS <i>Lecture Hall 1</i>			08.30 10.00	CHALLENGES IN THORACIC AORTIC SURGERY <i>Lecture Hall 1</i>		08.30 11.30	TRAINING WORKSHOPS		08.30 10.00	NEW TRAINING CONCEPTS—HOW SHOULD WE TEACH THE NEXT GENERATION? <i>Lecture Hall 1</i>	
09.00 10.15	THERAPY OF VASCULAR STROKE <i>Lecture Hall 1</i>		09.00 12.00	TRAINING WORKSHOPS		Chairpersons: M. Grabenwöger, Vienna R. Franz, Columbus		FEVAR <i>Sponsored by Gettinge Room 1</i>		Chairpersons: J. Falkensammer, Vienna E. Molmenti, Manhasset		
Chairpersons: W. Lang, Vienna S. Saha, Lexington		Aortic Interventions Standard EVAR I <i>Sponsored by Vascutek Room 1</i>		08.30 08.45	Genetics on Thoracic Aortic Aneurysms J. Elefteriades, New Haven		08.30 08.45			Implications of Work—Time Regulations: The Chief's Perspective W. Hofmann, Feldkirch		
09.00 09.15	Structure of Stroke Centers: A Multidisciplinary Approach— An American Perspective S. Saha, Lexington			08.45 09.00	Outcomes of Conventional Aortic Arch Repair M. Grabenwöger, Vienna		08.45 09.00			Implications of Work—Time Regulations: The Resident's Perspective F. Taher, Vienna		
09.15 09.30	Stroke Units and the Austrian Stroke Unit Network W. Lang, Vienna		Percutaneous Access <i>Sponsored by Abbott Room 2</i>		09.00 09.15	Indications and Outcomes of Endovascular Aortic Arch Repair T. Kölbel, Hamburg		Peripheral Interventions II <i>Sponsored by Cook Room 2</i>		09.00 09.15	New Training Concepts in Cardiology T. Weiss, Vienna	
09.30 09.45	Update on Thrombolysis in Acute Stroke Patients W. Pirker, Vienna				09.15 09.30	Paradigm for Detecting a Silent Killer J. Elefteriades, New Haven				09.15 09.30	New Training Concepts in Radiology C. Loewe, Vienna	
09.45 10.00	Intracranial Thrombus Retrieval: Techniques & Results F. Wolf, Vienna		Coronary Interventions I <i>Sponsored by Cordis Room 3</i>		09.30 09.45	TEVAR for Acute Thoracic Aortic Injury R. Franz, Columbus		EVAR II <i>Sponsored by Medtronic Room 3</i>		09.30 09.45	New Training Concepts in Cardiac Surgery A. Kocher, Vienna	
10.00 10.15	Optimal Timing of Carotid Revascularization R.J. Toorop, Utrecht				09.45	Discussion				09.45 10.00	New Training Concepts in Vascular Surgery J. Falkensammer, Vienna	
Discussion		Discussion										
10.15 10.45	COFFEE BREAK <i>Exhibition Hall</i>				10.00 10.30	COFFEE BREAK`` <i>Exhibition Hall</i>				10.00 10.30	COFFEE BREAK <i>Exhibition Hall</i>	
10.45 12.15	ICA SPECIAL LECTURES IN CAROTID REVASCLARIZATION <i>Lecture Hall 1</i>				10.30 12.00	THORACOABDOMINAL AORTIC ANEURYSM REPAIR <i>Lecture Hall 1</i>				10.30 12.00	NEW HORIZONS IN PERIPHERAL ARTERY DISEASE <i>Lecture Hall 1</i>	
Chairpersons: W. Zhou, Tucson H.H. Eckstein, Munich					Chairpersons: J. Schmidli, Bern T. Kölbel, Hamburg					Chairpersons: T. Hölzenbein, Salzburg R. Sharma, Detroit		
10.45 11.00	Near Infra-Red Spectroscopy Analysis of the Carotid Artery Plaque Composition Based on the Distribution of Endothelial Shear Stress P. Hájek, Prague				10.30 10.45	Immediate and Long-Term Outcome of Open TAAA Surgery A. Greiner, Berlin				10.30 10.45	Stem Cell for the Treatment of Peripheral Arterial Disease R. Franz, Columbus	
11.00 11.15	Optimal Medical Treatment— Standard of Care for Patients with Carotid Artery Disease M. Brodmann, Graz				10.45 11.00	Immediate and Long-Term Outcome of Endovascular TAAA Surgery P. Kasprzak, Regensburg				10.45 11.00	Endovascular Management of total Occlusion of the Abdominal Aorta: Mid-Term Follow-Up S. Saha, Lexington	
11.15 11.30	Identification of High-Risk Patients with Asymptomatic Carotid Stenosis: Fact vs Fiction Wei Zhou, Tucson				11.00 11.15	Spinal Cord Ischemia after Open TAAA Repair-How Can this Complication be Prevented? Open Repair J. Schmidli, Bern				11.00 11.15	A Comparison of the Clinical Efficacy, Cost & Quality of Life of Open Surgical Bypass & Endovascular Therapy in Patients with Critical Limb Ischemia A. Farber, Boston	
11.30 11.45	High Grade Asymptomatic Carotid Stenosis: Who Should be Treated? H.H. Eckstein, Munich				11.15 11.30	Spinal Cord Ischemia after Endovascular TAAA Repair-How Can this Complication be Prevented? Endovascular Repair P. Kasprzak, Regensburg				11.15 11.30	Management of Type B Acute Aortic Dissection in Developing Countries: A Single Center Experience I. Dakota, Jakarta	
11.45 12.00	Indication for Carotid Surgery in Women T. Cohnert, Graz				11.30 11.45	The Future Standard of Care for Juxtarenal AAA's A. Greiner, Berlin				11.30 11.50	Stent versus Bypass for Femoropopliteal Lesions in TASC II Type C and D Lesions F.K. Enzmann, Salzburg	

Discussion				Discussion				Discussion	
12.15 13.00	LUNCHEON BREAK Exhibition Hall			12.00 12.45	LUNCHEON BREAK Exhibition Hall			12.00 12.45	LUNCHEON BREAK Exhibition Hall
				12.00 12.45	IMPLICATIONS OF ANTITHROMBOTIC THERAPY IN ACUTE AND ELECTIVE VASCULAR SURGERY (Sponsored by Daiichi Sankyo/Mitsubishi) Lecture Hall 1				
				12.00 12.15	Perioperative Management of Patients on New Oral Anti-Coagulants I. Pabinger-Fasching, Vienna				
				12.15 12.30	ACCP Guidelines for Patients with Heparin-Induced Thrombocytopenia Type J. Klocker, Innsbruck				
				Discussion					
13.00 14.15	CARDIOGENIC STROKE Lecture Hall 1	13.30 16.30	TRAINING WORKSHOPS	12.45 14.00	JUXTARENAL AAA REPAIR (Sponsored by Vascutek) Lecture Hall 1	13.00 14.00	TRAINING WORKSHOPS	12.45 14.00	OPTIMAL PREVENTION STRATEGIES IN 2017 Lecture Hall 1
Chairpersons: B. Lüderitz, Munich K. Huber, Vienna		Iliac Interventions & CERAB Sponsored by AMP/Bentley Room 1		Chairpersons: A. Assadian, Vienna N. Burfitt, London		EVAR III & TEVAR Sponsored by Cook Room 1		Chairpersons: K. Prasad, Saskatoon O. Pachinger, Innsbruck	
13.00 13.15	The Risk of Stroke in Atrial Fibrillation B. Lüderitz, Bonn			12.45 13.00	Impact of Clamping Level on Morbidity and Mortality J. Schmidli, Bern			12.45 13.00	AGES/sRAGE but not sRAGE is a Risk Marker for Cardiovascular Disease—Prof. Albert Senn Memorial Lecture K. Prasad, Saskatoon
13.15 13.30	The Role of Subclinical Atrial Fibrillation in Stroke Etiology M. Stühlinger, Innsbruck	Peripheral Vascular Interventions 1 Sponsored by Cook Room 2		13.00 13.15	The 90° Angle—Standard Anaconda in Angulated Necks A. Stehr, Mülheim			13.00 13.15	The Role of Non-Traditional Cardiovascular Risk Markers in the Era of Multiple Guidelines T. Wayne, Lexington
13.30 13.45	Triple Therapy in AF after PCI—For Whom and for How Long? H. Alber, Klagenfurt			13.15 13.30	Development of a New Device for the Treatment of Juxtarenal AAA N. Burfitt, London	The Iliac Branch Device Sponsored by Jotec Room 2		13.15 13.30	PCSK9 Inhibition: The Holy Grail? K. Huber, Vienna
13.45 14.00	Do we Need an Antidote for NOAC's? K. Huber, Vienna	Coronary Interventions II Sponsored by Cordis Room 3		13.30 13.45	Mid-Term Results after Fenestrated Endovascular Aortic Repair (FEVAR) A. Assadian, Vienna			13.30 13.45	Why is Cardiovascular Mortality Still the Leading Cause of Death? O. Pachinger, Innsbruck
Discussion				13.45 14.00	Endovascular Treatment for Type IV TAAA J. Falkensammer, Vienna	TAVI Sponsored by Medtronic Room 3		13.45 14.00	Treatment Modalities for Advanced Glycation End Products & its Receptor Mediated Cardiovascular Diseases—Prof. Hans J. Hachen Memorial Lecture K. Prasad, Saskatoon
Discussion		Discussion		Discussion					
14.15 14.45	COFFEE BREAK Exhibition Hall			14.00 14.30	COFFEE BREAK Exhibition Hall			14.00 15.00	ICA BUSINESS MEETING Board of Directors Lecture Hall 1
14.45 16.00	VALVULAR INTERVENTIONS Lecture Hall 1	15.00 16.30	ABSTRACT SESSION Lecture Hall 2	14.30 15.45	STRUCTURAL HEART DISEASE Lecture Hall 1	14.30 15.15	MODERATED POSTER SESSION 1 Lecture Hall 2	14.00 15.00	ICA BUSINESS MEETING Vice Presidents, Officers & Editors Lecture Hall 1
Chairpersons: J. Eleftheriades, New Haven G. Laufer, Vienna		Chairperson: T. Wayne, Lexington		Chairpersons: J. Veselka, Prague M. Grimm, Innsbruck		Moderator: P. Aarnio, Helsinki		END OF SCIENTIFIC PROGRAM	
14.45 15.00	Surgical Aortic Valve Replacement—State-of-the-Art G. Laufer, Vienna	15.00 15.10	Endovascular Femoral Popliteal Interventions R. Hacker, Toledo	14.30 14.45	Novel Findings in Hypertrophic Cardiomyopathy J. Veselka, Prague	14.30 14.37	Incidental Diagnosis of Ovarian Vein Thrombosis J. Koh, Singapore		
15.00 15.15	Indications & Outcome of Transcatheter Aortic Valve Implantation F. Egger, Vienna	15.10 15.25	Management of Hypotension & Hypertension G. Murray, Germantown	14.45 15.00	Preserving the Aortic Valve in Ascending Aortic Aneurysms M. Grimm, Innsbruck	14.37 14.44	Cardiopulmonary Bypass Assisted Surgery during Pregnancy G. Dalshaug, Saskatoon		

15.15 15.30	Should TAVI be Performed in Intermediate Risk Patients? G. Delle-Karth, Vienna	15.25 15.35	Cluster Headache and the Heart M. Yahalom, Afula	15.00 15.15	Tricuspid Valve—An Overview from a Surgical Aspect Choi-Keung Ng, Innsbruck		14.44 14.51	Lung Cancer Associated Tumor Thrombosis S.J.L. Quek, Singapore	END OF SCIENTIFIC PROGRAM
15.30 15.45	Lotus: A New Generation of Transcatheter Valve P. Hájek, Prague	15.35 15.45	Endovascular Revascularization of Arch Arteries S. Tyagi, New Delhi	15.15 15.30	Acute MI in Indonesia I. Dakota, Jakarta		14.51 14.58	May-Thurner Syndrome: A Case Presentation & Review Z. Yuhan, Singapore	
15.45 16.00	Simultaneous Transcatheter Aortic Valve Implantation and Left Atrial Appendage Occlusion <i>R. Binder, Zürich/Wels</i>	15.45 15.55	Post-Traumatic Pseudoaneurysm of the Limbs B. Benfor, Fez	Discussion 15.40 16.00 ICA YOUNG INVESTIGATORS AWARD COMPETITION <i>Lecture Hall 1</i>			14.58 15.05	Antiphospholipid Syndrome & Severe Thrombocytopenia R. M. Govind, Singapore	
Discussion		15.55 16.05	Vascular Age in Rheumatoid Arthritis A. Syngle, Chandigarh				Moderator: O. Pachinger, Innsbruck		
		15.40 15.50	Evaluation of Experience with Lower Extremity Arterial Injuries C.F. Tanga, Columbus	15.15 16.15	MODERATED POSTER SESSION 2 <i>Lecture Hall 2</i>				
		16.05 16.15	Stress Induced Cardiomyopathy T. Tak, Rochester	15.50 16.00	Near-Infrared Spectroscopy Analysis of Carotid Artery Plaque C. Štěchovský, Prague	Moderator: I. Dakota, Jakarta			
		Discussion		Discussion		15.15 15.22	Endovascular Repair for Aortic Aneurysms T. Baba, Tokyo		
						15.22 15.29	Branch Endovascular Aneurysm Repair K. Maeda, Tokyo		
						15.29 15.36	Closure of Tears by Amplatzer Vascular Plug II M. Hara, Tokyo		
						15.36 15.43	Treatment for Isolated Superior Mesenteric Artery Dissection M. Momose, Tokyo		
						15.43 15.50	Elastic Compression Add-On Therapy E. Imbalzano, Messina		
						15.50 15.57	Buerger's Disease in Women V. Chadachan, Singapore		
						15.57 16.04	Bigger is no Longer Better in the Era of New Generation Drug-Eluting Stents K. Shirai, Fukuoka		
Discussion									
16.00 16.15	COFFEE BREAK <i>Exhibition Hall</i>			16.00 16.15	COFFEE BREAK <i>Exhibition Hall</i>				
16.15 16.45	Prof. John B. Chang Memorial Lecture <i>Lecture Hall 1</i>			16.15 16.45	Dr. Lucy J. Chang Oration Lecture <i>Lecture Hall 1</i>				
Endovascular Repair of Arch Aneurysms T. Ohki, Tokyo				Recipient Criteria of Graft Failure in Kidney Transplantation E. Molmenti, Manhasset					
22.00	WELCOME DINNER and CONCERT AT KURSALON			16.45 17.05	ICA SPECIAL LECTURE				
Thoracic Aortic Aneurysm: Reading the Enemy's Playbook J. Elefteriades, New Haven
