## 🦴 Fosters Needed 🦴

We need YOU! Happy Tails Dachshund Rescue is bursting at the seams with wiener dogs, and we need more fosters. Fostering our furry friends is one of the most rewarding feelings anyone can ever experience. Not only do you have the joy of having a dachshund in your household, but you also make a huge difference in that dog's life.

Who can foster? Well, the short answer is anyone with a love for helping our furry kids find their furever home. The primary responsibilities for fosters are taking care of your foster pup and taking them to PetSmart in time for adoptions on Saturday. That's it.

What are the rewards? There are too many to count, but the most important reward is knowing that you were one of the biggest reasons that the dog has a new lease on life. Can there be anything more fulfilling than that?

If you are interested in fostering one of our furry friends, you can message us on Facebook, email [happytailsdr@yahoo.com](mailto:happytailsdr@yahoo.com), call 209.647.1251 or fill out a foster application on our website.
